301 Types of Board Proceedings

301.01 In General

The Board has jurisdiction over four types of inter partes proceedings, namely, oppositions, cancellations, interferences, and concurrent use proceedings. *See* [TBMP § 102](#).

An opposition is a proceeding in which the plaintiff seeks to prevent the issuance of a registration of a mark on the Principal Register. “Any person who believes that he would be damaged by the registration of a mark” may, upon payment of the prescribed fee, file an opposition thereto, but the opposition may be filed only as a timely response to the publication of the mark, under Trademark Act § 12(a), [15 U.S.C. § 1062\(a\)](#), in the Official Gazette of the USPTO. [Note 1.]

A cancellation proceeding is a proceeding in which the plaintiff seeks to cancel an existing registration of a trademark on the Principal or the Supplemental Register. “Any person who believes that he would be damaged by the registration of a mark” may, upon payment of the prescribed fee, file a petition to cancel thereto, but the petition to cancel may only be filed after the issuance of the registration. [Note 2.]

An interference is a proceeding in which the Board determines which, if any, of the owners of conflicting applications (or of one or more applications and one or more registrations which are in conflict), is entitled to registration. [Note 3.] The proceeding is declared by the Office only on petition to the Director showing extraordinary circumstances therefor, that is, that the party who filed the petition would be unduly prejudiced without an interference. [Note 4.] *See* [TBMP § 1002](#).

A concurrent use proceeding is a proceeding in which the Board determines whether one or more applicants is entitled to a concurrent registration, that is, a registration with conditions and limitations, fixed by the Board, ordinarily as to the geographic scope of the applicant’s mark or the goods and/or services on or in connection with which the mark is used. [Note 5.] *See* [TBMP § 1101.01](#).

NOTES:

1. *See* Trademark Act § 13, [15 U.S.C. § 1063](#). *See also* Trademark Act § 68(a)(2), [15 U.S.C. § 1141h\(a\)\(2\)](#) (an application filed under Trademark Act § 66(a), 15 U.S.C. § 1141f(a), is subject to opposition under Trademark Act § 13, 15 U.S.C. § 1063).
2. *See* Trademark Act § 14 and Trademark Act § 24, [15 U.S.C. § 1064](#) and [15 U.S.C. § 1092](#).
3. *See* Trademark Act § 16, 15 U.S.C. § 1066; Trademark Act § 18, 15 U.S.C. § 1068.
4. *See* Trademark Act § 16, [15 U.S.C. § 1066](#).

5. See Trademark Act § 2(d), 15 U.S.C. § 1052(d); Trademark Act § 17, 15 U.S.C. § 1067; Trademark Act § 18, [15 U.S.C. § 1068](#); [37 C.F.R. § 2.42](#), [37 C.F.R. § 2.73](#), [37 C.F.R. § 2.99](#); *The Tamarkin Co. v. Seaway Food Town Inc.*, 34 USPQ2d 1587, 1592 n.9 (TTAB 1995).

301.02 Mark on Supplemental Register Not Subject to Opposition

15 U.S.C. § 1092 [*Trademark Act § 24*] *Marks for the supplemental register shall not be published for or be subject to opposition, but shall be published on registration in the Official Gazette of the Patent and Trademark Office.*

Although the mark in an application for registration on the Principal Register is published for, and subject to, opposition, the mark in an application for registration on the Supplemental Register is not. [Note 1.] See also [TBMP § 205](#).

Accordingly, the Board must reject any opposition filed with respect to the mark in an application for registration on the Supplemental Register. ESTTA does not permit a party to file a notice of opposition against an application for registration on the Supplemental Register. In the rare circumstance that an opposition against such an application is filed in paper form, the opposition papers will not be returned to the person who filed them but any opposition fee submitted will be refunded. The fee for the required petition to the Director to file on paper will not be refunded. The remedy of the would-be opposer lies in the electronic filing of a petition to cancel the registration of the mark, once the registration has issued. [Note 2.]

NOTES:

1. See Trademark Act § 12(a), Trademark Act § 13(a), and Trademark Act § 24, [15 U.S.C. § 1062\(a\)](#), [15 U.S.C. § 1063\(a\)](#), and [15 U.S.C. § 1092](#).
2. See Trademark Act § 24, [15 U.S.C. § 1092](#).

301.03 Mark Filed Under the Madrid Protocol is Subject to Opposition

A request for extension of protection of an international registration to the United States, filed under Trademark Act § 66(a), [15 U.S.C. § 1141f\(a\)](#) (“the Madrid Protocol”), is examined as an application for registration on the Principal Register. Thus, an application whose filing basis is Trademark Act § 66(a), [15 U.S.C. § 1141f\(a\)](#), is subject to opposition under Trademark Act § 13, [15 U.S.C. § 1063](#). [Note 1.]

NOTES:

1. See Trademark Act § 68(a)(2), [15 U.S.C. § 1141h\(a\)\(2\)](#).

302 Commencement of Proceeding

[37 C.F.R. § 2.101\(a\)](#) *An opposition proceeding is commenced by filing in the Office a timely notice of opposition with the required fee.*

[37 C.F.R. § 2.111\(a\)](#) *A cancellation proceeding is commenced by filing in the Office a timely petition for cancellation with the required fee.*

[37 C.F.R. § 2.116\(b\)](#) *The opposer in an opposition proceeding or the petitioner in a cancellation proceeding shall be in the position of plaintiff, and the applicant in an opposition proceeding or the respondent in a cancellation proceeding shall be in the position of defendant. A party that is a junior party in an interference proceeding or in a concurrent use registration proceeding shall be in the position of plaintiff against every party that is senior, and the party that is a senior party in an interference proceeding or in a concurrent use registration proceeding shall be a defendant against every party that is junior.*

[37 C.F.R. § 2.116\(c\)](#) *The notice of opposition or the petition for cancellation and the answer correspond to the complaint and answer in a court proceeding.*

An opposition proceeding is commenced by the timely filing of a notice of opposition, together with the required fee, in the USPTO. [Note 1.]

Similarly, a cancellation proceeding is commenced by the timely filing of a petition for cancellation, together with the required fee, in the USPTO. [Note 2.]

The notice of opposition, or the petition for cancellation, and the answer thereto correspond to the complaint and answer in a court proceeding. [Note 3.] The opposer in an opposition proceeding, or the petitioner in a cancellation proceeding, is in the position of plaintiff, and the applicant in an opposition proceeding, or the respondent in a cancellation proceeding, is in the position of defendant. [Note 4.]

An interference proceeding commences when the Board mails a notice of interference to each of the parties to the proceeding. For further information concerning interference proceedings, *see* [TBMP Chapter 1000](#).

A concurrent use proceeding commences when the Board mails a notice of the proceeding to each of the parties thereto, as described in [37 C.F.R. § 2.99\(c\)](#) and [37 C.F.R. § 2.99\(d\)\(1\)](#). For further information concerning concurrent use proceedings, *see* [TBMP Chapter 1100](#).

Electronic filing via ESTTA is required for the filing of a notice of opposition or a petition for cancellation. [Note 5.]

37 C.F.R. § 2.126 *Form of submissions to the Trademark Trial and Appeal Board.*

(a) *Submissions must be made to the Trademark Trial and Appeal Board via ESTTA.* * * **

(b) *In the event that ESTTA is unavailable due to technical problems, or when extraordinary circumstances are present, submissions may be filed in paper form. All submissions in paper form, except the extensions of time to file a notice of opposition, the notice of opposition, the petition to cancel, or answers thereto (see §§ 2.101(b)(2), 2.102(a)(2), 2.106(b)(1), 2.111(c)(2), and 2.114(b)(1)), must include a written explanation of such technical problems or extraordinary circumstances. Paper submissions that do not meet the showing required under this paragraph (b) will not be considered.* * * **

An opposition to an application based on Trademark Act § 66(a), [15 U.S.C. § 1141f\(a\)](#), must be filed electronically through ESTTA and may not under any circumstances be filed in paper form. [Note 1.] An opposition to an application based on Trademark Act § 1 or Trademark Act § 44, [15 U.S.C. § 1051](#) or [15](#)

[U.S.C. § 1126](#), must be filed electronically through ESTTA. [Note 2.] A petition for cancellation must be filed electronically through ESTTA. [Note 3.] For information regarding the electronic filing requirements for extensions of time to oppose, see [TBMP § 203.01](#).

While an opposition against a § 66(a) application must always be filed electronically in ESTTA, and may not under any circumstances be filed in paper form, in the rare instance that ESTTA is unavailable due to technical problems, or when extraordinary circumstances are present, an opposition against a § 1 or § 44 application or a petition for cancellation against a § 1, § 44 or § 66(a) registration (or registered extension of protection) may be filed on paper, accompanied by a Petition to the Director and the required fee. [Note 4.] For more information on filing oppositions and cancellations, see [TBMP § 306](#) and [TBMP § 307](#).

An answer to a notice of opposition or petition for cancellation must be filed through ESTTA. [Note 5.] In the event that ESTTA is unavailable due to technical problems, or when extraordinary circumstances are present, an answer may be filed in paper form accompanied by a Petition to the Director and the requisite fee. [Note 6.] For more information on filing and serving an answer see [TBMP § 311.01](#).

A paper-filed notice of opposition, a petition to cancel, or answers thereto, which are not accompanied by a Petition to the Director and the required fee, will not be considered. [Note 7.] Whether a paper filing of a notice of opposition, petition to cancel or answers thereto (accompanied by the required petition and fee) is permitted depends on whether a sufficient showing in the petition has been made based on the facts provided. [Note 8.] Petitions to the Director to file on paper are subject to [37 C.F.R. § 2.146](#), including the requirement for verified facts under [37 C.F.R. § 2.146\(g\)](#). [Note 9.] A supported petition would include an affidavit or declaration and any other available evidence to support the assertion of technical problems with ESTTA (e.g., screen print showing an ESTTA error message, a reference number from a telephone call to the TTAB regarding ESTTA unavailability), or to support the assertion of extraordinary circumstances. When submitting a Petition to the Director with the paper-filed notice of opposition, petition to cancel, or answer, the filer should send these papers in the same envelope. If a Petition to the Director has been filed through TEAS, the paper filing should include a prominent statement regarding the TEAS filing of the Petition to the Director. Fees for a paper-filed notice of opposition or petition to cancel may be paid by check, money order, credit card (using the credit card payment form) or a USPTO deposit account. See “Methods of Payment,” available at <https://www.uspto.gov/trademark/view-fee-schedule-trademark-fee-information>. If paying by check or money order or credit card, separate checks, or money orders, or credit card forms for the Petition to the Director and the opposition or cancellation filing fee should be provided in the same envelope; written directions to deduct the fees from a deposit account should provide instructions separately for payment of fees for the Petition to the Director, and for the appropriate filing fees for the notice of opposition or petition to cancel. While all paper-filed notices of opposition and petitions to cancel and answers must be accompanied by a petition and the requisite fee, when the filing is the result of technical difficulties with ESTTA, the filer may concurrently request that the fee be waived and reimbursed.

In addition, general submissions to the Board must be filed via ESTTA. [Note 10.] Eastern Time controls the timeliness of filing dates. [Note 11.] In the event that ESTTA is unavailable due to technical problems, or when extraordinary circumstances are present, submissions may be filed in paper form. [Note 12.] No fee is required. All submissions in paper form must include a written explanation of the technical problems or extraordinary circumstances encountered by the filer. [Note 13.] Such explanations must include the specific facts underlying the inability to file by ESTTA, rather than a mere conclusory statement that technical problems or extraordinary circumstances prevented the use of ESTTA. [Note 14.] The precise impact of ESTTA technical problems varies depending on specific facts. [Note 15.] The exception for extraordinary circumstances may apply to situations where no USPTO technical problems exist, but the filer experiences an extraordinary situation making ESTTA unavailable to the filer, which might, in appropriate situations, include certain types of technical problems at the filer’s location or with the filer’s systems. [Note 16.]

Whether such circumstances are extraordinary will be determined on a case by case basis. In either situation, the Board will review the explanation accompanying the paper filing in its consideration of the filing, and explanations that do not meet the technical problems or extraordinary circumstances showing will not be considered. [Note 17.]

Please Note: In the case of general submissions filed on paper, accompanied by the required explanation, parties should consider any such paper filing accepted unless the Board indicates otherwise. Thus, for any filing to which the opposing party would respond, for purposes of the response deadline, the opposing party should proceed as if the paper submission were accepted at the time of its filing and respond accordingly. [Note 18.]

303.02 Meaning of the Term “ Person ”

The term “person,” as used in the Trademark Act, includes both natural and juristic persons. [Note 1.] A juristic person is a “firm, corporation, union, association, or other organization capable of suing and being sued in a court of law.” [Note 2.]

If an operating division of a corporation is not itself incorporated or is not otherwise a legal entity which can sue and be sued, it does not have legal standing to own a mark or to file an application for registration, an opposition, or a petition for cancellation. [Note 3.] See [TMEP § 1201.02\(d\)](#) (“An operating division’s use is considered to be use by the applicant....”). In such a case, the application, opposition, or petition for cancellation should be filed in the name of the corporation of which the division is a part. If an opposition or a petition for cancellation is filed in the name of a division, and there is no indication that the division is incorporated, where the issue is presented in connection with a discovery conference or a motion, the Board may inquire as to whether the division is incorporated or is otherwise a legal entity that can sue and be sued. If the opposer or petitioner responds in the negative, the opposition or petition for cancellation will go forward in the name of the corporation of which the division is a part. [Note 4.] See [TMEP § 1201.02\(d\)](#).

The term “person” as used in the Trademark Act also includes the United States, any agency and instrumentality thereof, or any individual, firm or corporation which acts for the United States and with the authorization and consent of the United States, as well as any state, any instrumentality of a state, and any officer or employee of a state or instrumentality of a state acting in his or her official capacity. 303.03 Meaning of the Term “Damage”

The term “damage,” as used in Trademark Act § 13 and Trademark Act § 14, [15 U.S.C. § 1063](#) and [15 U.S.C. § 1064](#), concerns specifically a party’s standing to file an opposition or a petition to cancel, respectively. [Note 1.] A party may establish its standing to oppose or to petition to cancel by showing that it has a “real interest” in the case, that is, a legitimate personal interest in the outcome of the proceeding and a reasonable basis for its belief in damage. [Note 2.] See [TBMP § 309.03\(b\)](#). To plead a “real interest,” plaintiff must allege a “direct and personal stake” in the outcome of the proceeding. [Note 3.] There is no requirement that a plaintiff show a personal interest in the proceeding different from or “beyond that of the general public” in order to establish standing. [Note 4.] There is also no requirement that actual damage be pleaded or proved in order to establish standing or to prevail in an opposition or cancellation proceeding. [Note 5.] However, the allegations in support of plaintiff’s belief of damage must have a “reasonable basis in fact.” [Note 6.]

For a discussion of standing, see [TBMP § 309.03\(b\)](#).

303.05 Opposition Filed During Extension of Time to Oppose

[37 C.F.R. § 2.102\(a\)](#) *Any person who believes that he, she or it would be damaged by the registration of a mark on the Principal Register may file a request with the Trademark Trial and Appeal Board to extend the time for filing an opposition.*

* * * *

[37 C.F.R. § 2.102\(b\)](#) *A request to extend the time for filing an opposition must identify the potential opposer with reasonable certainty. Any opposition filed during an extension of time must be in the name of the person to whom the extension was granted, except that an opposition may be accepted if the person in whose name the extension was requested was misidentified through mistake or if the opposition is filed in the name of a person in privity with the person who requested and was granted the extension of time.*

303.05(a) General Rule

An extension of time to oppose is a personal privilege which inures only to the benefit of the party to which it was granted and those in privity with that party. [Note 1.] For this reason, an opposition filed during an extension of time to oppose ordinarily must be filed in the name of the party to which the extension was granted. [Note 2.] Cf. [TBMP § 206.02](#). An opposition filed in a different name will be accepted only if the opposition is filed by a person in privity with the person granted the extension of time or if the person that requested the extension was misidentified through mistake. [Note 3.]

NOTES:

1. See *Cass Logistics Inc. v. McKesson Corp.*, 27 USPQ2d 1075, 1077 (TTAB 1993) (a party cannot claim the benefit of an extension granted to another, unrelated party).

2. See [37 C.F.R. § 2.102\(b\)](#); *SDT Inc. v. Patterson Dental Co.*, 30 USPQ2d 1707, 1709 (TTAB 1994); *In re Cooper*, 209 USPQ 670, 671 (Comm'r 1980) (fact that two entities share same objection is not a basis for finding privity).

3. See *Custom Computer Services, Inc. v. Paychex Properties, Inc.*, 337 F.3d 1334, 67 USPQ2d 1638, 1640 (Fed. Cir. 2003) (privity and misidentification by mistake “are two disjunctive conditions under which an opposer may claim the benefit of an extension granted to another named entity”).

303.05(b) Opposition Filed by Privy

A party in privity with a potential opposer may step into the potential opposer’s shoes and file a notice of opposition or may join with the potential opposer as a joint opposer. [Note 1.] Thus, an opposition filed during an extension of time to oppose may be filed by a party other than the party to which the extension was granted, if it is shown to the satisfaction of the Board that the differing party is in privity with the party granted the extension. [Note 2.] Cf. [TBMP § 206.02](#).

The “showing” of privity should be in the form of a recitation of the facts on which the claim of privity is based, and must be submitted with the opposition. When a party filing an opposition differs from the name of the party identified in the extension of time to oppose, ESTTA will prompt the filer to provide an explanation.

If the opposition is filed both in the name of the party granted the previous extension and in the name of one or more differing parties, an explanation will be requested as to each differing party, and the opposition will not be accepted as to any differing party that fails to make a satisfactory showing of privity. ESTTA will prompt the filer to provide an explanation.

Once a timely notice of opposition has been filed, and the time for opposing has expired, the right to pursue the filed case is a right individual to the timely filer. While this right may be transferred to another party, as by an assignment of the mark with the associated goodwill, it may not be shared. [Note 3.]

For information concerning the meaning of the term “privity,” see [TBMP § 206.02](#).

Patterson Dental Co.*, 30 USPQ2d 1707, 1709 (TTAB 1994) (licensee considered to be in privity with licensor; however, having failed to join opposer in filing opposition during extension of time to oppose, licensee may not be joined after opposition is filed). Cf. *In re Cooper*, 209 USPQ 670, 671 (Comm’r 1980) (fact that two entities are using marks similar to that for which application has been made and that both have been named defendants in civil actions brought by the owner of the mark in question is not a basis for finding privity); *In re Spang Industries*, 225 USPQ 888, 888 (Comm’r Pats. 1985) (attorney/client relationship does not invest the attorney with same right or interest as his client).

3. See *SDT, Inc. v. Patterson Dental Co.*, 30 USPQ2d 1707, 1709 (TTAB 1994) (opposer’s licensee, having failed to join opposer in filing opposition during extension of time to oppose, cannot be joined after opposition is filed); *In re Cooper*, 209 USPQ 670, 671 (Comm’r 1980) (extension of time granted to opposer does not

inure to the benefit of unrelated third party, despite its sharing of a common interest with opposer vis-à-vis applicant's mark). Cf. *Leading Jewelers Guild, Inc. v. LJOW Holdings LLC*, 82 USPQ2d 1901, 1901 n.1 (TTAB 2007) (substitution allowed following assignment); *Missouri Silver Pages Directory Publishing Corp. Inc. v. Cir. 1988) (trademark application was fatally defective because applicant was not the owner of the mark, having transferred it from himself to a corporation between the time that he executed the application and the date it was received in the Office).

303.05(c) Misidentification of Opposer

If the name of the opposer, in an opposition filed during an extension of time to oppose, differs from the name of the party to which the extension was granted, the opposition will not be rejected on that ground if it is shown to the satisfaction of the Board that the party in whose name the extension was requested was "misidentified through mistake." [Note 1.]

The phrase "misidentified through mistake," as used in [37 C.F.R. § 2.102\(b\)](#), means a mistake in the form of the opposer's name or its entity type, not the naming of a different existing legal entity that is not in privity with the party that should have been named. [Note 2.] See [TBMP § 512.04](#).

The "showing" submitted in support of a claim of misidentification through mistake should be in the form of a recitation of the facts on which the claim of misidentification through mistake is based, and must be submitted with the opposition. ESTTA will prompt the filer to provide an explanation.

For information concerning the misidentification of a potential opposer during an extension of time to oppose, see [TBMP § 206.03](#).

303.05(d) Misidentification of Applicant or Respondent

If a notice of opposition is filed against a mark where the applicant has been inadvertently misidentified in the application, the opposition will nevertheless be instituted and the real party in interest may be substituted for the named defendant during the opposition proceeding. [Note 1.] Likewise, where a petition to cancel is filed against a registrant that has been inadvertently misidentified in the registration, the real party in interest may be substituted for the named defendant.

303.06 Joint Opposers or Petitioners

Two or more parties may file a notice of opposition or a petition for cancellation jointly. However, the required fee must be submitted for each party joined as opposer or petitioner for each class in the application for which registration is opposed or for each class in the registration for which cancellation is sought. *See* [TBMP § 308](#). [Note 1.] For information concerning the filing of an opposition by two or more parties jointly where the notice of opposition is filed during an extension of time obtained by only one of the parties, *see* [TBMP § 303.05](#).

Please note: In ESTTA, all parties must be identified during the filing process in order for the proper fees to be charged for each party opposer or petitioner.

When parties file jointly, the notice of opposition or petition for cancellation must name each party joined as plaintiff. In addition, the notice of opposition or petition for cancellation should include allegations concerning the standing of each party plaintiff and the ground or grounds for opposition or cancellation.

See [TBMP § 309.03\(b\)](#) and [TBMP § 309.03\(c\)](#) for a discussion of standing and grounds for oppositions and cancellations. If the case is ultimately determined on the merits, rather than by default, withdrawal, stipulation, etc., any joint plaintiff whose standing has not been proved cannot prevail, even though a ground for opposition or cancellation has been proved. [Note 2.]

On the other hand, the fact that two or more parties may have an interest in a mark to be pleaded in a notice of opposition, or a petition for cancellation, does not mean that each such party must be joined as opposer, or petitioner. Joint filing is elective, not mandatory. [Note 3.]

304 Proceeding Against Multiple Class Application or Registration

When a notice of opposition is filed with respect to an application which contains goods and/or services in multiple classes [Note 1] or a petition for cancellation is filed with respect to a registration which contains goods and/or services in multiple classes, the class or classes opposed, or sought to be cancelled, should be specified in the plaintiff's pleading. In addition, the required opposition or cancellation fee must be submitted for each party joined as plaintiff for each class sought to be opposed or cancelled. [Note 2.] See [TBMP § 308.04](#). If there are insufficient fees accompanying the complaint to pay in full for each named opposer or petitioner for each class opposed or for which cancellation is sought, the proceeding will not be instituted in ESTTA and the transaction will not be completed. If filed on paper, the proceeding may not be instituted. [Note 3.] The institution notice will identify the parties and classes for which the required fees were submitted.

See [TBMP § 308](#) for information on filing fees. For information about dividing a multi-class application where not all classes are opposed, or dividing an application where not all goods in the opposed class(es) are opposed, see [TBMP § 516](#). [Note 4.]

305 Consolidated and Combined Complaints

[37 C.F.R. § 2.104\(b\)](#) *Oppositions to different applications owned by the same party may be joined in a consolidated opposition when appropriate, but the required fee must be included for each party joined as opposer for each class in which registration is opposed in each application against which the opposition is filed.*

[37 C.F.R. § 2.112\(b\)](#) *When appropriate, petitions for cancellation of different registrations owned by the same party may be joined in a consolidated petition for cancellation. The required fee must be included for each party joined as a petitioner for each class sought to be cancelled in each registration against which the petition for cancellation has been filed.*

305.01 Consolidated Complaint

When appropriate, a party may oppose, in a single (i.e., “consolidated”) notice of opposition, different applications owned by the same defendant. However, the required fee must be submitted for each party joined as opposer, for each class in which registration is opposed, in each application against which the opposition is filed. [Note 1.] See [TBMP § 308.05](#) regarding fees for filing consolidated complaints. When such a pleading is filed, the Board will set up a single opposition file, identified by a single opposition proceeding number, but bearing the number of each application opposed in the consolidated notice of opposition.

Similarly, when appropriate, a party may seek to cancel, in a single (i.e., “consolidated”) petition for cancellation, different registrations owned by the same defendant. The required fee must be submitted for

each party joined as petitioner, for each class sought to be cancelled, in each registration against which the petition for cancellation is filed. [Note 2.] See [TBMP § 308.05](#). When such a pleading is filed, the Board will set up a single cancellation file, identified by a single cancellation proceeding number, but bearing the number of each registration sought to be cancelled in the consolidated petition to cancel.

A consolidated notice of opposition, or consolidated petition to cancel, is appropriate if the plaintiff's claims against each of the defendant's subject applications, and/or registrations, involve common (i.e., similar) questions of law or fact. [Note 3.]

For information concerning motions to consolidate proceedings, see [TBMP § 511](#).

La Chemise Lacoste*, 178 USPQ 440, 441 (TTAB 1973) (applicant's motion to consolidate denied in view of extent of differences in the involved issues).

305.02 No Combined Complaint

A party may not file a single pleading combining a notice of opposition to one or more applications, and a petition to cancel one or more registrations owned by the same defendant. [Note 1.]

Filing by ESTTA is required, and no ESTTA form exists for such a combined complaint. [Note 2.] However, to achieve a comparable result a filer may move for consolidation after the proceedings have been instituted in a separate, subsequent filing. For information concerning motions to consolidate proceedings, see [TBMP § 511](#). Once consolidated, the opposition is treated as the "parent" case, and both proceeding numbers are placed on all documents relating to the combined proceedings. Cf. [TBMP § 511](#).

306 Time for Filing Opposition

306.01 In General

15 U.S.C. § 1062(a) [*Section 12(a) of the Trademark Act*] Upon the filing of an application for registration and payment of the prescribed fee, the Director shall refer the application to the examiner in charge of the registration of marks, who shall cause an examination to be made and, if on such examination it shall appear that the applicant is entitled to registration, or would be entitled to registration upon the acceptance of the statement of use required by section 1051(d) of this title, the Director shall cause the mark to be published in the Official Gazette of the Patent and Trademark Office....

15 U.S.C. § 1063(a) [*Section 13(a) of the Trademark Act*] Any person who believes that he would be damaged by the registration of a mark upon the principal register, including the registration of any mark which would be likely to cause dilution by blurring or dilution by tarnishment under section 1125(c) of this title, may, upon payment of the prescribed fee, file an opposition in the Patent and Trademark Office, stating the grounds therefor, within thirty days after the publication under subsection (a) of section 1062 of this title of the mark sought to be registered. Upon written request prior to the expiration of the thirty-day period, the time for filing opposition shall be extended for an additional thirty days, and further extensions of time for filing opposition may be granted by the Director for good cause when requested prior to the expiration of an extension. The Director shall notify the applicant of each extension of the time for filing opposition...

37 C.F.R. § 2.101 *Filing an opposition.*

(a) An opposition proceeding is commenced by filing in the Office a timely notice of opposition with the required fee. * * * *

(b)(1) An opposition to an application must be filed by the due date set forth in paragraph (c) of this section through ESTTA.

(2) In the event that ESTTA is unavailable due to technical problems, or when extraordinary circumstances are present, an opposition against an application based on Section 1 or 44 of the Act may be filed in paper form. A paper opposition to an application based on Section 1 or 44 of the Act must be filed by the due date set forth in paragraph (c) of this section and be accompanied by a Petition to the Director under § 2.146, with the fees therefor and the showing required under this paragraph. Timeliness of the paper submission will be determined in accordance with §§ 2.195 through 2.198.

(3) An opposition to an application based on Section 66(a) of the Act must be filed through ESTTA and may not under any circumstances be filed in paper form.

(c) The opposition must be filed within thirty days after publication (§2.80) of the application being opposed or within an extension of time (§2.102) for filing an opposition. * * * *

(e) The filing date of an opposition is the date of electronic receipt in the Office of the notice of opposition, and required fee. In the rare instances that filing by paper is permitted under these rules, the filing date will be determined in accordance with §§ 2.195 through 2.198.

An opposition to the registration of a mark on the Principal Register must be filed prior to the expiration of the thirty-day period after publication of the mark in the *Official Gazette* for opposition, or within an extension of time to oppose granted to the opposer or its privy. [Note 1.] See [TBMP § 303](#).

An opposition to an application based on Trademark Act § 1 or Trademark Act § 44, [15 U.S.C. § 1051](#) or [15 U.S.C. § 1126](#) must be filed electronically via ESTTA. [Note 2.] In the rare circumstance that an opposition

is filed on paper, accompanied by the Petition to the Director and the required fee, the certificate of mailing by first-class mail procedure described in [37 C.F.R. § 2.197](#) and the Priority Mail Express® procedure described in [37 C.F.R. § 2.198](#) are both available. **Please note:** The institution of a timely paper-filed opposition will occur only if the Petition to the Director is granted and the opposition does not have any other defects. See [TBMP § 309.04](#). Facsimile transmission is not available. [Note 3.] See [TBMP § 111.02](#).

An opposition to an application based on Trademark Act § 66(a), [15 U.S.C. § 1141f\(a\)](#) must be filed electronically via ESTTA and may not be filed on paper under any circumstances. [Note 4.] See [TBMP § 203.01](#).

The filing date of an opposition is the date of electronic receipt in the Office of the opposition and the required fee. [Note 5.] In the rare instance that a paper filing is permitted, the filing date will be determined in accordance with [37 C.F.R. § 2.195](#), [37 C.F.R. § 2.196](#), and [37 C.F.R. § 2.197](#) unless the notice is filed in accordance with [37 C.F.R. § 2.198](#) (Filing of correspondence by Priority Mail Express®). [Note 6.] If the notice is filed in accordance with [37 C.F.R. § 2.198](#), the filing date of an opposition will be the date of deposit with the United States Postal Service (“USPS”), i.e., the date shown by the “date in” date on the Priority Mail Express® label or other official USPS notation, unless the “date in” date cannot be determined, in which case the date the notice is received in the Office is considered the filing date of the opposition. [Note 7.]

After the close of the time period for filing an opposition, including any extension of time for filing an opposition, an opposition may not be amended to add to the goods or services opposed or to add a joint opposer. [Note 8.] Nor may an opposition, once instituted, be amended to correct a misidentified serial number associated with the application sought to be opposed. [Note 9.] The Board may, however, be able to correct serial number misidentification errors that are brought to its attention by the opposer, in the very rare instances that the opposition has not yet been instituted and time remains in the opposition period. Generally, a would-be opposer’s remedy is to seek to cancel the mark once the application has matured to registration by filing a petition to cancel in ESTTA, or (if time remains in the opposition period) to file a new opposition through ESTTA, including payment of the filing fee therefor, which correctly identifies the application sought to be opposed. If an opposition is instituted against an incorrect serial number, and the mistake cannot be corrected, the Board will not refund the opposition fee.

Parties using the ESTTA filing system will not face late opposition and other timing errors. The ESTTA system will not permit a would-be opposer to file an opposition against an application that has not yet been published or that has been abandoned, or where the statutory time period for filing an opposition has passed. The ESTTA system also prompts the would-be opposer, once the user identifies the serial number of the application sought to be opposed, to verify that it has correctly identified the serial number associated with the application. See [TBMP § 306.04](#). In addition, as long as the ESTTA filing process is completed, a potential opposer is assured that its filing will be accorded a valid filing date. [Note 10.]

For information on opposition filing fees, see [TBMP § 308](#). For information on how to file an opposition, see [TBMP § 309](#). For information on service of the notice of opposition, see [TBMP § 309.02\(c\)](#).

306.02 Date of Publication of Mark

The date of publication of a mark is the issue date of the issue of the Official Gazette in which the mark appears, pursuant to Trademark Act § 12(a), [15 U.S.C. § 1062\(a\)](#), for purposes of opposition. The Official Gazette is available in electronic form at <http://www.uspto.gov/>.

306.03 Premature Opposition

Trademark Act § 13(a), [15 U.S.C. § 1063\(a\)](#), requires that an opposition to the registration of a mark on the Principal Register be filed within a specified time after the publication of the mark in the Official Gazette.

The ESTTA system will not permit a would-be opposer to file an opposition against an application that has not yet been published.

In the rare instance that a party files an opposition on paper and it has been permitted by the Director, on petition, but the filing date is prior to the publication of the mark sought to be opposed, the opposition is premature, and will be rejected by the Board, even if the mark has been published by the time of the Board's action. No proceeding will be instituted, and any submitted opposition fee will be refunded. Cf. [TBMP § 119.03](#) and [TBMP § 202.03](#).

306.04 Late Opposition

Because the timeliness requirements of Trademark Act § 13(a), [15 U.S.C. § 1063\(a\)](#), for the filing of an opposition are statutory, they cannot be waived by stipulation of the parties, nor can they be waived by the Board or by the Director on petition. [Note 1.]

Parties using the ESTTA filing system will not face late opposition and other timing errors. The ESTTA system will not permit a would-be opposer to file an opposition against an application that has not yet been published or that has been abandoned, or where the statutory time period for filing the opposition has passed. Accordingly, ESTTA will reject an attempt to electronically file an opposition after the expiration of the would-be opposer's time for opposing.

In the rare instance that a party files an opposition on paper and it has been permitted by the Director, on petition, an opposition that has been filed after the expiration of the would-be opposer's time for opposing must be denied by the Board as late. The opposition will not be instituted, and any submitted opposition fee will be refunded. The fee for the petition to the Director will not be refunded. In either circumstance, the would-be opposer's remedy lies in the filing of a petition for cancellation, pursuant to Trademark Act § 14, [15 U.S.C. § 1064](#) when and if a registration is issued. [Note 2.]

For information concerning the effect of fee and signature requirements on the timing of an opposition, see [TBMP § 308.02\(b\)](#) and [TBMP § 309.02\(b\)](#), respectively.

307 Time for Filing Petition to Cancel

15 U.S.C. § 1064 [**Trademark Act § 14**] *A petition to cancel a registration of a mark, stating the grounds relied upon, may, upon payment of the prescribed fee, be filed as follows by any person who believes that*

he is or will be damaged, including as a result of a likelihood of confusion of dilution by blurring or dilution by tarnishment under section 43(c), by the registration of a mark on the principal register established by this Act, or under the Act of March 3, 1881, or the Act of February 20, 1905:

(1) *Within five years from the date of the registration of the mark under this Act.*

(2) *Within five years from the date of publication under section 12(c) hereof of a mark registered under the Act of March 3, 1881, or the Act of February 20, 1905.*

(3) *At any time if the registered mark becomes the generic name for the goods or services, or a portion thereof, for which it is registered, or is functional or has been abandoned, or its registration was obtained fraudulently or contrary to the provisions of section 4 or of subsection (a), (b), or (c) of section 2 for a registration under this Act, or contrary to similar prohibitory provisions of such prior Acts for a registration under such Acts, or if the registered mark is being used by, or with the permission of, the registrant so as to misrepresent the source of the goods or services on or in connection with which the mark is used. If the registered mark becomes the generic name for less than all of the goods or services for which it is registered, a petition to cancel the registration for only those goods or services may be filed. A registered mark shall not be deemed to be the generic name of goods or services solely because such mark is also used as a name of or to identify a unique product or service. The primary significance of the registered mark to the relevant public rather than purchaser motivation shall be the test for determining whether the registered mark has become the generic name of goods or services on or in connection with which it has been used.*

(4) *At any time if the mark is registered under the Act of March 3, 1881, or the Act of February 20, 1905, and has not been published under the provisions of subsection (c) of section 12 of this Act.*

(5) *At any time in the case of a certification mark on the ground that the registrant (A) does not control, or is not able legitimately to exercise control over, the use of such mark, or (B) engages in the production or marketing of any goods or services to which the certification mark is applied, or (C) permits the use of the certification mark for purposes other than to certify, or (D) discriminately refuses to certify or to continue to certify the goods or services of any person who maintains the standards or conditions which such mark certifies: Provided, That the Federal Trade Commission may apply to cancel on the grounds specified in paragraphs (3) and (5) of this section any mark registered on the principal register established by this Act, and the prescribed fee shall not be required.* * * **

15 U.S.C. § 1092 *Marks for the supplemental register shall not be published for or be subject to opposition, but shall be published on registration in the Official Gazette of the Patent and Trademark Office. Whenever any person believes that such person is or will be damaged by the registration of a mark on the supplemental register--*

(1) *for which the effective filing date is after the date on which such person's mark became famous and which would be likely to cause dilution by blurring or dilution by tarnishment under section 43(c); or*

(2) *on grounds other than dilution by blurring or dilution by tarnishment, such person may at any time, upon payment of the prescribed fee and the filing of a petition stating the ground therefor, apply to the Director to cancel such registration. The Director shall refer such application to the Trademark Trial and Appeal Board which shall give notice thereof to the registrant. If it is found after a hearing before the Board that the registrant is not entitled to registration, or that the mark has been abandoned, the registration shall be cancelled by the Director. However, no final judgment shall be entered in favor of an applicant under section 1(b) before the mark is registered, if such applicant cannot prevail without establishing constructive use pursuant to section 7(c).*

37 C.F.R. § 2.111 ***Filing petition for cancellation.***

(a) *A cancellation proceeding is commenced by filing in the Office a timely petition for cancellation with the required fee.*

(b) *Any person who believes that he, she or it is or will be damaged by a registration may file a petition, addressed to the Trademark Trial and Appeal Board, for cancellation of the registration in whole or in part. The petition for cancellation need not be verified, but must be signed by the petitioner or the petitioner’s attorney, as specified in § 11.1 of this chapter, or other authorized representative, as specified in § 11.14(b) of this chapter. Electronic signatures pursuant to § 2.193(c) are required for petitions submitted electronically via ESTTA. The petition for cancellation may be filed at any time in the case of registrations on the Supplemental Register or under the Act of 1920, or registrations under the Act of 1881 or the Act of 1905 which have not been published under section 12(c) of the Act, or on any ground specified in section 14(3) or (5) of the Act. In all other cases, the petition for cancellation and the required fee must be filed within five years from the date of registration of the mark under the Act or from the date of publication under section 12(c) of the Act.*

(e) *The filing date of a petition for cancellation is the date of electronic receipt in the Office of the petition and required fee. In the rare instances that filing by paper is permitted under these rules, the filing date of a petition for cancellation will be determined in accordance with §§ 2.195 through 2.198.*

307.01 Petition That May Be Filed At Any Time After Registration

A petition to cancel a registration may be filed at any time in the case of a registration issued on the Supplemental Register under the Act of 1946, [15 U.S.C. § 1051](#) *et. seq.*, or under the Act of 1920. A petition to cancel may also be filed at any time in the case of a registration issued under the Act of 1881 or the Act of 1905 which has not been published under Trademark Act § 12(c), [15 U.S.C. § 1062\(c\)](#). [Note 1.]

In addition, a petition to cancel any registration may be filed at any time on any ground specified in Trademark Act § 14(3) or Trademark Act § 14(5), [15 U.S.C. § 1064\(3\)](#) or [15 U.S.C. § 1064\(5\)](#). [Note 2.]

As permitted by Trademark Act § 14(3), [15 U.S.C. § 1064\(3\)](#), a petition to cancel may be filed at any time on grounds that, for example, the mark has been abandoned; the registration was obtained by fraud; the mark is generic; the mark is geographically deceptive, [Note 3], the mark falsely suggests a connection with a person’s name or identity, [Note 4], the mark comprises matter that, as a whole, is functional [Note 5], or the mark comprises the flag of the United States [Note 6], or the name of a living individual without the individual’s consent. [Note 7.]

The filing date of the petition is the date of electronic receipt in the Office of the petition, with the required fee. [Note 8.] In the rare instance that a paper filing is permitted by the Director, on petition, the filing date of the petition will be determined in accordance with [37 C.F.R. § 2.195](#), [37 C.F.R. § 2.196](#), and [37 C.F.R. § 2.197](#), unless the petition is filed by the “Priority Mail Express® Post Office to Addressee” service of the United States Postal Service (“USPS”) in accordance with [37 C.F.R. § 2.198](#). [Note 9.] If the petition is filed in accordance with [37 C.F.R. § 2.198](#), the filing date of a petition will be the date of deposit with the USPS, i.e., the date shown by the “date in” date on the “Priority Mail Express®” label or other official USPS notation, unless the “date in” date cannot be determined, in which case the date of receipt in the Office is considered the filing date of the petition. 307.02 Petition That Must Be Filed Within Five Years from the Date of Registration

307.02(a) In General

A petition to cancel a registration issued on the Principal Register under the Act of 1946, on a ground not specified in Trademark Act § 14(3) or Trademark Act § 14(5), [15 U.S.C. § 1064\(3\)](#) or [15 U.S.C. § 1064\(5\)](#), must be filed within 5 years from the date of the registration of the mark. [Note 1.] Similarly, a petition to cancel a registration issued on the Principal Register under the Act of 1881 or the Act of 1905, and published under the provisions of Trademark Act § 12(c), [15 U.S.C. § 1062\(c\)](#) on a ground not specified in Trademark Act § 14(3) or Trademark Act § 14(5), [15 U.S.C. § 1064\(3\)](#) or [15 U.S.C. § 1064\(5\)](#) must be filed within 5 years from the date of publication under Trademark Act § 12(c), [15 U.S.C. § 1062\(c\)](#). [Note 2.]

Although a petition to cancel filed after the expiration of the five-year period, in the case of such a Principal Register registration, must recite one of the grounds specified in Trademark Act § 14(3) or 14(5), [15 U.S.C. § 1064\(3\)](#) or [15 U.S.C. § 1064\(5\)](#), a petition to cancel filed prior to the expiration of the five-year period may be based on any ground which could have prevented registration initially. [Note 3.] The grounds for cancellation which are thus available in the case of a petition filed within the five-year period, but not thereafter, include: all of the grounds specified in Trademark Act § 14(3) and Trademark Act § 14(5), [15 U.S.C. § 1064\(3\)](#) or [15 U.S.C. § 1064\(5\)](#) as well as likelihood of confusion under Trademark Act § 2(d), [15 U.S.C. § 1052\(d\)](#), [Note 4]; certain grounds specified in Trademark Act § 2(e), [15 U.S.C. § 1052\(e\)](#) (including a claim that respondent's mark is merely descriptive or deceptively misdescriptive, [15 U.S.C. § 1052\(e\)\(1\)](#), that respondent's mark is geographically descriptive, [15 U.S.C. § 1052\(e\)\(2\)](#), or geographically deceptively misdescriptive, [15 U.S.C. § 1052\(e\)\(3\)](#), or that respondent's mark is primarily merely a surname, [15 U.S.C. § 1052\(e\)\(4\)](#)), [Note 5]; the ground that respondent is not the owner of the registered mark; and the ground that there was no bona fide use of respondent's mark in commerce to support the original registration.

For additional information on selected grounds for opposition and cancellation, *see* [TBMP § 309.03\(c\)](#). For a discussion of standing to file a petition to cancel or a notice of opposition, *see* [TBMP § 309.03\(b\)](#).

As stated above, a petitioner may not seek to cancel a Principal Register registration over 5 years old on the ground of likelihood of confusion. [Note 6.] However, under Trademark Act § 18, [15 U.S.C. § 1068](#), a petitioner may seek to partially cancel a registration over 5 years old by restricting the goods or services therein in order to avoid a likelihood of confusion. For a discussion of a petition to partially cancel a registration under Trademark Act § 18, [15 U.S.C. § 1068](#), *see* [TBMP § 309.03\(d\)](#).

Note that a petitioner may not seek to cancel a Principal Register registration over 5 years old on the ground that it is generic, where the genericness claim is made only as to a portion of the mark and not the entire mark. However, the alleged generic nature of the portion of the mark may have a bearing on the likelihood of confusion analysis. [Note 7.]

The five-year period specified in Trademark Act § 14(1), [15 U.S.C. § 1064\(1\)](#), (i.e., “Within five years from the date of the registration of the mark under this Act”) includes the fifth anniversary date of the registration. [Note 8.] *Cf.* [TMEP § 1604.04](#) and [TMEP § 1606.03](#). Similarly, the five-year period specified in Trademark Act § 14(2), [15 U.S.C. § 1064\(2\)](#), (“Within five years from the date of publication under Section 12(c) hereof of a mark registered under the Act of March 3, 1881, or the Act of February 20, 1905”), includes the fifth anniversary date of the publication under Trademark Act § 12(c), [15 U.S.C. § 1062\(c\)](#). [Note 9.]

The filing date of the petition is the date of electronic receipt in the Office of the petition, with the required fee. [Note 10.] In the rare instance that a paper filing is permitted by the Director, on petition, the Certificate of Mailing procedure described in [37 C.F.R. § 2.197](#) and the “Priority Mail Express®” procedure described in [37 C.F.R. § 2.198](#) are available. [Note 11.] If the paper filing of the petition to cancel has been permitted by way of Petition to the Director, the filing date of the petition will be determined in accordance with [37 C.F.R. § 2.195](#), [37 C.F.R. § 2.196](#), and [37 C.F.R. § 2.197](#) unless the petition is filed by the “Priority Mail Express® Post Office to Addressee” service of the United States Postal Service (“USPS”) in accordance with [37 C.F.R. § 2.198](#). [Note 12.] If the petition is filed by the “Priority Mail Express® Post Office to Addressee” service of the United States Postal Service (“USPS”) in accordance with [37 C.F.R. § 2.198](#), then the filing date of the petition is the date the petition was deposited with the USPS i.e., the date shown by the “date in” date on the “Priority Mail Express®” label or other official USPS notation, unless the “date in” date cannot be determined, in which case the date the notice is received in the Office is considered the filing date of the petition. [Note 13.]

For information on filing fees, see [TBMP § 308](#).

To further the USPTO's goal of maintaining the accuracy and integrity of the U.S. Trademark Register, the Board recently undertook a two-year pilot program to explore procedures for expediting certain cancellation proceedings that are limited to claims of abandonment or nonuse (or both) where the parties voluntarily stipulate to one or more of the TTAB's Accelerated Case Resolution (ACR) options. See [TBMP § 528.05\(a\)\(2\)](#) and [TBMP § 702.04](#). Under the pilot, the Board, on an ongoing basis, identified eligible newly-filed cancellation proceedings that may benefit by some form of the Board's existing ACR procedures. [Note 14.] The Board identified cases that commenced between March 2, 2018 and February 28, 2020.

Information about how the pilot was conducted can be found at <https://www.uspto.gov/trademarks-application-process/trademark-trial-and-appeal-board/expedited-cancellation-pilot-program>. Information about results and trends identified will be made available once pilot program cases that are ongoing have concluded.

307.02(b) Trademark Act § 14, 15 U.S.C. § 1064, Limitation is Independent of Trademark Act § 15, 15 U.S.C. § 1065, Affidavit

The five-year time limit specified in Trademark Act § 14, [15 U.S.C. § 1064](#), barring certain attacks on a Principal Register *registration*, “is not dependent on the filing of a declaration under Section 15 which provides incontestable rights of *use* to a limited extent ([15 U.S.C. § 1065](#)).” [Note 1.]

307.02(c) Factors Affecting the Five-Year Period**307.02(c)(1) Reliance on Registration By Plaintiff**

If an opposer relies on a Principal Register registration of its pleaded mark, and the five-year period has not yet expired when the opposition is filed, the limitation does not apply to any counterclaim to cancel such pleaded registration, filed in response to the notice of opposition. This is so even if the five-year period has expired by the time the counterclaim is filed. In such cases, the filing of the opposition tolls, during the pendency of the proceeding, the running of the five-year period for purposes of determining the grounds on which a counterclaim may be based. [Note 1.]

Similarly, the limitation would not apply to a counterclaim to cancel such a Principal Register registration relied on by the petitioner in a cancellation proceeding, if the five-year period had not yet expired with respect to the registration at the time of the filing of the petition to cancel.

UMC Electronics Co.*, 207 USPQ 861, 862 n.3 (TTAB 1980) (grounds not limited where petition to cancel registration pleaded in opposition was not filed until after fifth anniversary date of registration, because opposition wherein opposer relied on registration was filed before anniversary date); *Humble Oil & Refining Co. v. Sekisui Chemical Co. Ltd. of Japan*, 165 USPQ 597, 598 n.4 (TTAB 1970) (grounds were not limited where, although counterclaim to cancel pleaded registration was not properly filed until after fifth anniversary date of registration, opposition wherein opposer relied on said registration was filed before anniversary date); *Sunbeam Corp. v. 307.02(c)(2) Amendment of Registration

When a Principal Register registration has been amended, the registration is subject to attack under Trademark Act § 14, [15 U.S.C. § 1064](#), to the extent that the amendment of the registration has in any way enlarged registrant's rights, as though the registration had issued on the date of the amendment. That is, even though the Trademark Act § 14, [15 U.S.C. § 1064](#) five-year period following issuance of the registration, or publication under Trademark Act § 12(c), [15 U.S.C. § 1062\(c\)](#), may have expired, if a petition to cancel the registration is filed within the 5 years following the amendment of the registration, the petition is not limited to Trademark Act § 14(3) or Trademark Act § 14(5), [15 U.S.C. § 1064\(3\)](#) or [15 U.S.C. § 1064\(5\)](#) grounds,

to the extent that the amendment has in any way enlarged the registrant's rights. Rather, during the 5 years after the amendment, "the modified registration, not having been in existence for 5 years, may be challenged in a cancellation proceeding as long as petitioner states grounds [not limited to Trademark Act § 14(3) or Trademark Act § 14(5), [15 U.S.C. § 1064\(3\)](#) or [15 U.S.C. § 1064\(5\)](#) grounds] for the cancellation indicating how he believes he is or will be damaged by the modified registration." Continental Seal Corp.*, 222 USPQ 822, 824-25 (TTAB 1984) (counterclaim would be proper where defendant pleads that the amendment to the mark in the subject registration resulted in a mark materially different from originally registered mark, representing enlargement of rights conferred by original certificate of registration; that defendant used its mark prior to opposer's first use of amended mark; and that confusion with amended mark is likely).

307.02(c)(3) Amendment of Petition for Cancellation

If a petitioner files a cancellation against a registration and the five-year period has not yet expired when the cancellation is filed, the five-year time limit specified in Trademark Act § 14, [15 U.S.C. § 1064](#), does not bar any claims that may be raised by an amended pleading, subject to the provisions of Fed. R. Civ. P 15(a). This is so even if the five-year period has expired by the time an amended petition for cancellation is filed. In such cases, the filing of the cancellation tolls, during the pendency of the proceeding, the running of the five-year period for purposes of determining the grounds on which a cancellation may be based. [Note 1.] See [TBMP § 507](#) regarding motions to amend the pleadings.

NOTES:

1. See *Ashland Licensing & Intellectual Property LLC v. Sunpoint International Group USA Corp.*, 119 USPQ2d 1125, 1128-30 (TTAB 2016) (the commencement of a cancellation proceeding prior to the fifth-year anniversary of the registration tolls Trademark Act Section 14 for the purpose of petitioner adding claims against the registration during the pendency of the Board proceeding).

307.03 Premature Petition to Cancel

Trademark Act § 14 and Trademark Act § 24, [15 U.S.C. § 1064](#) and [15 U.S.C. § 1092](#), provide for the filing of a petition to cancel "a registration of a mark." Until a registration actually issues, there is no registration to cancel.

Thus, a petition to cancel a pending application prior to the issuance of the registration is premature, and cannot be filed through ESTTA. In the rare instance of a petition to cancel filed on paper that reflects a filing date prior to the issuance of registration, the petition will be rejected by the Board, even if the registration has issued by the time of the Board's action. The petition to cancel filed on paper will not be instituted, and any submitted fee for the petition to cancel will be refunded. In either circumstance, petitioner's remedy lies in the electronic filing of a new petition to cancel after the registration has issued.

307.04 Late Petition to Cancel

A petition to cancel a registration issued on the Principal Register under the Act of 1946 on a ground not specified in Trademark Act § 14(3) or Trademark Act § 14(5), [15 U.S.C. § 1064\(3\)](#) or [15 U.S.C. § 1064\(5\)](#),

must be filed (with the required fee) within five years from the date of the registration of the mark. Similarly, a petition to cancel a registration issued on the Principal Register under the Act of 1881 or the Act of 1905, and published under the provisions of Trademark Act § 12(c) (of the Trademark Act § of 1946), [15 U.S.C. § 1062\(c\)](#), on a ground not specified in Trademark Act § 14(3) or Trademark Act § 14(5), [15 U.S.C. § 1064\(3\)](#) or [15 U.S.C. § 1064\(5\)](#) must be filed within five years from the date of publication under Trademark Act § 12(c), [15 U.S.C. § 1062\(c\)](#).

If a party attempts to electronically file a petition to cancel one of these Principal Register registrations after the expiration of the five-year period and does not select in ESTTA one or more of the grounds specified in Trademark Act § 14(3) or Trademark Act § 14(5), [15 U.S.C. § 1064\(3\)](#) or [15 U.S.C. § 1064\(5\)](#), the petition is late, and ESTTA will not institute the cancellation. In the rare instance that a petition to cancel has been filed on paper and after the expiration of the five-year period and does not plead one or more of the grounds specified in Trademark Act § 14(3) or Trademark Act § 14(5), [15 U.S.C. § 1064\(3\)](#) or [15 U.S.C. § 1064\(5\)](#) the petition is late, and will be rejected by the Board. The petition to cancel will not be instituted, and only any submitted filing fee for the petition to cancel will be refunded. However, the rejection of the petition is without prejudice to petitioner's right to electronically file, at any time thereafter, a new petition to cancel the registration, and to plead therein one or more of the grounds specified in Trademark Act § 14(3) or Trademark Act § 14(5), [15 U.S.C. § 1064\(3\)](#) or [15 U.S.C. § 1064\(5\)](#).

For information concerning the effect of fee and signature requirements on the timing of a petition to cancel, see [TBMP § 308.02\(b\)](#) and [TBMP § 309.02\(b\)](#).

308 Filing Fees

308.01 Fee for Filing Opposition

308.01(a) In General

[15 U.S.C. § 1063\(a\)](#) *Any person who believes that he would be damaged by the registration of a mark upon the principal register, including the registration of any mark which would be likely to cause dilution by blurring or dilution by tarnishment under section 1125(c) of this title, may, upon payment of the prescribed fee, file an opposition in the Patent and Trademark Office....*

[37 C.F.R. § 2.101](#)

(a) *An opposition proceeding is commenced by filing in the Office a timely notice of opposition with the required fee.*

* * *

(c) *The opposition must be accompanied by the required fee for each party joined as opposer for each class in the application for which registration is opposed (see § 2.6).*

(d) *An otherwise timely opposition cannot be filed via ESTTA unless the opposition is accompanied by a fee that is sufficient to pay in full for each named party opposer to oppose the registration of a mark in each class specified in the opposition. A paper opposition that is not accompanied by the required fee sufficient to pay in full for each named party opposer for each class in the application for which registration is opposed may not be instituted. If time remains in the opposition period as originally set or as extended by the Board, the potential opposer may resubmit the opposition with the required fee.* * **

The rules governing opposition fees are specified in [37 C.F.R. § 2.101\(c\)](#)-[37 C.F.R. § 2.101\(d\)](#). The amount of the required filing fee is specified in [37 C.F.R. § 2.6\(a\)\(17\)](#). The required fee must be submitted with the

opposition. The filing date of an opposition (and, hence, the date of commencement of the opposition proceeding) is the date of electronic receipt in the Office of both the opposition with the required fee. [Note 1.] In the rare instance of a permitted filing of a paper notice of opposition (granted by a Petition to the Director), the filing date will be determined in accordance with [37 C.F.R. § 2.195](#), [37 C.F.R. § 2.196](#), [37 C.F.R. § 2.197](#) and [37 C.F.R. § 2.198](#). [Note 2.] See [TBMP § 309](#).

The required fee must be submitted for each party joined as opposer for each class opposed, [Note 3] and if fewer than the total number of classes in the application are opposed, the classes opposed should be specified. See [TBMP § 304](#). [Note 4.]

For information on how to pay fees, see [37 C.F.R. § 2.206-37 C.F.R. § 2.208](#), and [TBMP § 118](#). For information on fee refunds, see [37 C.F.R. § 2.209](#), and [TBMP § 119](#).

308.01(b) Insufficient Fee

An otherwise timely opposition will not be accepted via ESTTA unless the opposition is accompanied by a fee that is sufficient to pay, in full, for each named party opposer to oppose the registration of a mark in each class specified in the opposition. [Note 1.]

A notice of opposition against an application based on Trademark Act § 66(a), [15 U.S.C. § 1141f\(a\)](#), must be filed electronically through ESTTA and may not under any circumstances be filed in paper form. [Note 2.] See [TBMP § 309](#).

A notice of opposition against an application based on Trademark Act § 1 or Trademark Act § 44, [15 U.S.C. § 1051](#) or [15 U.S.C. § 1126](#), must be filed electronically through ESTTA. [Note 3.] In rare circumstances, an opposition may be filed on paper, accompanied by a Petition to the Director and the required fee. [Note 4.] See [TBMP § 309](#). Absent the required fee, the opposition may not be instituted. [Note 5.]

The institution notice will identify the parties and classes for which the required fees were submitted. See [TBMP § 310](#).

The responsibility for filing proper fees rests with the party filing the fees.

308.02 Fee for Filing Petition to Cancel

308.02(a) In General

15 U.S.C. § 1064 [**Trademark Act § 14**] *A petition to cancel a registration of a mark, stating the grounds relied upon, may, upon payment of the prescribed fee, be filed as follows by any person who believes that he is or will be damaged, including as a result of a likelihood of dilution by blurring or dilution by tarnishment under section 1125(c) of this title, by the registration of a mark on the principal register established by this Act, or under the Act of March 3, 1881, or the Act of February 20, 1905....*

* * * *

15 U.S.C. § 1092 [**Trademark Act § 24**] *Marks for the supplemental register shall not be published for or be subject to opposition, but shall be published on registration in the Official Gazette of the Patent and Trademark Office. Whenever any person believes that he is or will be damaged by the registration of a mark on the supplemental register--*

(1) *for which the effective filing date is after the date on which such person’s mark became famous and which would be likely to cause dilution by blurring or dilution by tarnishment under section 1125(c) of this title; or*

(2) *on grounds other than dilution by blurring or dilution by tarnishment, such person may at any time, upon payment of the prescribed fee and the filing of a petition stating the ground therefor, apply to the Director to cancel such registration.* * * **

[37 C.F.R. § 2.111\(d\)](#) *The petition for cancellation must be accompanied by the required fee for each party joined as petitioner for each class in the registration(s) for which cancellation is sought (see § 2.6). A petition*

cannot be filed via ESTTA unless the petition is accompanied by a fee that is sufficient to pay in full for each named petitioner to seek cancellation of the registration(s) in each class specified in the petition. A petition filed in paper form that is not accompanied by a fee sufficient to pay in full for each named petitioner for each class in the registration(s) for which cancellation is sought may not be instituted.

(e) The filing date of a petition for cancellation is the date of electronic receipt in the Office of the petition and required fee. In the rare instances that filing by paper is permitted under these rules, the filing date of a petition for cancellation will be determined in accordance with §§ 2.195 through 2.198.

The rules governing cancellation fees are specified in [37 C.F.R. § 2.111\(d\)](#). The amount of the required fee is specified in [37 C.F.R. § 2.6\(a\)\(16\)](#). The required fee for a petition to cancel must be submitted with the petition; the effective filing date of a petition to cancel (and, hence, the date of commencement of the cancellation proceeding) is the date of electronic receipt in the Office of both the petition to cancel and the required fee. [Note 1.] See [TBMP § 308.02\(b\)](#). In the rare instance when an otherwise timely paper filing of a petition to cancel, accompanied by the required fees, has been permitted on Petition to the Director, the filing date will be determined in accordance with [37 C.F.R. § 2.195](#), [37 C.F.R. § 2.196](#), [37 C.F.R. § 2.197](#) and [37 C.F.R. § 2.198](#). [Note 2.]

The required fee must be submitted for each party joined as petitioner for each class sought to be cancelled, and if cancellation is sought for fewer than the total number of classes in the registration, the classes sought to be cancelled should be specified. [Note 3.] See [TBMP § 304](#).

For information on how to pay fees, see [37 C.F.R. § 2.206-37 C.F.R. § 2.208](#), and [TBMP § 118](#). For information on fee refunds, see [37 C.F.R. § 2.209](#), and [TBMP § 119](#).

NOTES:

1. See [37 C.F.R. § 2.111\(a\)](#), [37 C.F.R. § 2.111\(d\)](#), and [37 C.F.R. § 2.111\(e\)](#); *Williamson-Dickie Manufacturing Co. v. 3. See [37 C.F.R. § 2.111\(d\)](#).

308.02(b) Insufficient Fee

A petition for cancellation must be filed electronically through ESTTA. [Note 1.] See [TBMP § 309](#).

An otherwise timely petition for cancellation will not be accepted via ESTTA unless the petition to cancel is accompanied by a fee that is sufficient to pay in full for each named party petitioner to petition for cancellation of the registration of a mark in each class specified in the petition for cancellation. [Note 2.]

In those rare instances where an otherwise timely petition to cancel has been filed on paper, and such filing is not accompanied by any fee, or a sufficient fee to pay in full for each named petitioner for each class in

the registration(s) for which cancellation is sought, the petition to cancel will be rejected and the Board will not institute a proceeding. [Note 3.]

Except to the extent that the five-year period of Trademark Act § 14, [15 U.S.C. § 1064](#), is applicable in a particular case, there is no time limit for the filing of a petition to cancel an issued registration. Thus, if the petition is rejected for failure to submit a fee, or a fee that is sufficient to pay in full for each named petitioner for each class in the registration(s) for which cancellation is sought, the rejection of the petition is without prejudice to petitioner's right to electronically file, at any time thereafter, a new petition to cancel provided that the five-year period, if applicable, has not expired, or, if expired, that the petition recites a ground permitted after the expiration of the five-year period. [Note 4.]

The responsibility for filing proper fees rests with the party filing the fees. [Note 5.]

308.02(c) Petition Filed by Federal Trade Commission

There is no fee for a petition filed by the Federal Trade Commission to cancel a registration on the Principal Register. [Note 1.] Cf. [TBMP § 303.04](#).

NOTES:

1. See Trademark Act § 14, [15 U.S.C. § 1064](#).

308.02(d) Fee for Counterclaim

For information concerning fees for counterclaims, see [TBMP § 313.02](#).

308.03 Fees for Joint Opposers or Petitioners

Two or more parties may file an opposition, or a petition for cancellation, jointly. However, the required fee must be submitted for each party joined as opposer, or petitioner, for each class in the application for which registration is opposed, or for each class in the registration for which cancellation is sought. [Note 1.] See [TBMP § 308.01](#) and [TBMP § 308.02](#). See also [TBMP § 303](#). Oppositions and petitions filed through ESTTA must be accompanied by the proper fees for each party in the position of plaintiff, for each class in each application opposed or registration sought to be cancelled. [Note 2.] See [TBMP § 308.01\(b\)](#) and [TBMP § 308.02\(b\)](#). If all party plaintiffs are identified during the ESTTA filing process, the electronic filing system calculates the proper fees and will not institute the proceeding until the appropriate fees have been paid. [Note 3.] In rare circumstances where an opposition or petition to cancel is filed on paper, the opposition or cancellation may not be instituted if insufficient fees have been provided to pay in full for each named party plaintiff for each class in the application sought to be opposed, or for each party plaintiff for each class in the registration sought to be cancelled. [Note 4.]

Vibe Media Group LLC*, 88 USPQ2d 1280, 1282-83 (TTAB 2008) (where ESTTA filing process not completed because no fee was paid, date appearing on the ESTTA “Validate” screen is inoperative; opposition dismissed as a nullity).
4. See [37 C.F.R. § 2.101\(d\)](#) and [37 C.F.R. § 2.111\(d\)](#).

308.04 Fees for Proceeding Against Multiple Class Application or Registration

The required opposition or cancellation fee must be submitted for each party joined as plaintiff for each class sought to be opposed or cancelled. [Note 1.] See [TBMP § 308.01](#) and [TBMP § 308.02](#). See also [TBMP § 304](#). Oppositions and petitions filed through ESTTA must be accompanied by the proper fees for each party in the position of plaintiff, for each class in each application opposed or registration sought to be cancelled. [Note 2.] See [TBMP § 308.01\(b\)](#) and [TBMP § 308.02\(b\)](#). In the rare circumstances where an opposition or petition to cancel is filed on paper, the opposition or cancellation may not be instituted if insufficient fees have been provided to pay in full for each named party plaintiff for each class in the application sought to be opposed, or for each party plaintiff for each class in the registration sought to be cancelled. [Note 3.]

308.05 Fees for Consolidated and Combined Complaints

When appropriate, a party may oppose, in a single (i.e., “consolidated”) notice of opposition, different applications owned by the same defendant. However, the required fee must be submitted for each party joined as opposer for each class in which registration is opposed in each application against which the opposition is filed. [Note 1.] See [TBMP § 305](#) and [TBMP § 308.01](#).

Similarly, when appropriate, a party may seek to cancel, in a single (i.e., “consolidated”) petition for cancellation, different registrations owned by the same defendant. Again, the required fee must be submitted for each party joined as petitioner, for each class sought to be cancelled, in each registration against which the petition for cancellation is filed. [Note 2.] See [TBMP § 305](#) and [TBMP § 308.02](#).

A party may not file a single pleading combining a notice of opposition to one or more applications, and a petition to cancel one or more registrations, even when each subject application and registration is owned by the same defendant. [Note 3.] See [TBMP § 305.02](#). Filing by ESTTA is required, and no ESTTA form exists for such a combined complaint. [Note 4.] However, to achieve a comparable result a filer may separately electronically file a notice of opposition and a petition for cancellation and simultaneously request consolidation. [Note 5.] It is recommended to file the request for consolidation in a separate submission in ESTTA.

See [TBMP § 305](#) for more information on consolidated and combined complaints and filing in ESTTA. For information concerning motions to consolidate proceedings, see [TBMP § 511](#).

- (c) *To be handled as confidential, submissions to the Trademark Trial and Appeal Board that are confidential in whole or part pursuant to § 2.125(f) must be submitted using the “Confidential” selection available in ESTTA or, where appropriate, under a separate paper cover. A copy of the submission for public viewing with the confidential portions redacted must be submitted concurrently.*

Submissions, including oppositions and petitions to cancel, must be made to the Board electronically via ESTTA. [Note 1.] An opposition to an application based on Trademark Act § 66(a), [15 U.S.C. § 1141f\(a\)](#), may not under any circumstances be filed in paper form [Note 2], but if ESTTA is unavailable due to technical problems, or due to extraordinary circumstances, an opposition to an application based on Trademark Act § 1 or Trademark Act § 44, [15 U.S.C. § 1051](#) or [15 U.S.C. § 1126](#), may be filed on paper, accompanied by a Petition to the Director and the required fee. [Note 3.] Similarly, if ESTTA is unavailable due to technical problems, or due to extraordinary circumstances, a petition to cancel against a § 1 or § 44 registration or a § 66(a) registered extension of protection may be filed on paper, accompanied by a Petition to the Director and the required fee. [Note 4.]

The notice of opposition, or petition to cancel, corresponds to the complaint in a court proceeding. [Note 5.] For purposes of simplicity, the term “complaint” is often used hereafter in this section to refer to a notice of opposition or a petition to cancel.

309.02 Form of Complaint

The form of a complaint must meet the general requirements for submissions to the Board as set forth in [37 C.F.R. § 2.126](#). See [TBMP § 106.03](#). When the complaint is filed electronically through ESTTA, the text in the electronic submission must be in at least 11-point type and double-spaced, and any exhibits pertaining to the electronic submission must be made electronically as an attachment to the complaint and be clear and legible. [Note 1.]

An opposition against a Trademark Act § 1, Trademark Act § 44, and Trademark Act § 66(a), [15 U.S.C. § 1051](#) or [15 U.S.C. § 1126](#), or [15 U.S.C. § 1141f\(a\)](#) application must be filed electronically through ESTTA. [Note 2.] Similarly, a petition for cancellation, must be filed electronically through ESTTA. [Note 3.] In the rare instances when a complaint is filed on paper, the submission, including any exhibits, must be in at least 11-point type and double-spaced, may not be stapled or bound or have any extruding tabs or other such devices, and must otherwise comply with the requirements of [37 C.F.R. § 2.126\(b\)](#).

NOTES:

1. See [37 C.F.R. § 2.126\(a\)\(1\)](#) and [37 C.F.R. § 2.126\(a\)\(2\)](#).
2. See [37 C.F.R. § 2.101\(b\)\(1\)](#); [37 C.F.R. § 2.101\(b\)\(3\)](#).

309.02(a) Format for Complaint

Parties are required to use ESTTA to commence the proceeding and for general filing purposes. [Note 1.] Using ESTTA, a person can complete and submit a notice of opposition or petition for cancellation over the Internet, making an official filing online. ESTTA gives step-by-step instructions for properly completing a filing. In the rare circumstances that a filing through ESTTA cannot be accomplished, see [37 C.F.R. § 2.101\(b\)\(2\)](#) and [37 C.F.R. § 2.111\(c\)\(2\)](#), the ESTTA form (docket) “cover sheet” created using ESTTA may be completed and then be printed out for mailing to the Board along with the notice of opposition or petition to cancel, accompanied by the requirements for such a paper filing. [Note 2.] If filed on paper, the certificate of mailing by first-class mail procedure described in [37 C.F.R. § 2.197](#) and the Priority Mail Express® procedure described in [37 C.F.R. § 2.198](#) are both available. **Please Note:** Oppositions against § 66(a) applications cannot be filed on paper under any circumstances.

The Board views the ESTTA filing form and the attached pleading as comprising a single document or paper being filed with the Board. [Note 3.] Upon filing via ESTTA, the filer will receive an email acknowledgement of receipt from ESTTA with the ESTTA tracking number and the filing information. After the proceeding is instituted, whenever a party submits a filing via ESTTA, the ESTTA cover sheet is automatically “pre-populated” with the party’s name as that party is listed in TTABVUE (the Board’s database of electronic proceeding files). The electronic files of the Board are accessible on the Internet via TTABVUE, although confidential filings will not be made available for public viewing. See [TBMP § 108](#), [TBMP § 120.02](#) and [TBMP § 121](#).

An opposition against an application based on Trademark Act § 66(a), [15 U.S.C. § 1141f\(a\)](#), must be filed electronically through ESTTA. [Note 4.] ESTTA requires the opposer of a § 66(a) application to provide information essential to the opposition in order to allow the USPTO to meet promptly its notification obligation to the World Intellectual Property Organization (“WIPO”). Such essential information includes:

1) the specific goods and/or services in the application which are being opposed; 2) the ground(s) for the opposition; and 3) the application or registration number(s) for any mark owned by opposer and cited as a basis for the opposition. [Note 5.] Only the information provided on the ESTTA form is sent to WIPO. [Note 6.]

With oppositions to applications that have other filing bases and with petitions to cancel, in the rare circumstances that they are filed on paper, (accompanied by a Petition to the Director and the required fee), they need not follow a particular format, but must meet the requirements of [37 C.F.R. § 2.126\(b\)](#) for paper submissions and include the necessary information.

The complaint (which in ESTTA is the attachment) should include the following information:

Heading: The complaint should bear at its top the heading “IN THE UNITED STATES PATENT AND TRADEMARK OFFICE BEFORE THE TRADEMARK TRIAL AND APPEAL BOARD.”

Identification of subject application or registration: The heading should be followed by information identifying the application or registration that is the subject of the complaint with the wording “Serial No. _____” for an opposition or “Registration No. _____” for a petition to cancel.

Name of proceeding: The application or registration number should be followed by the name of the proceeding (i.e., “ABC Corporation v. XYZ Company”) and the wording “Opposition No. _____” or “Cancellation No. _____.”

Title of Paper: The title should describe the nature of the paper (i.e., “Notice of Opposition” or “Petition to Cancel”).

Plaintiff information: The complaint should also include plaintiff’s name, entity type (i.e., individual, partnership, corporation, association, etc.), and business address; the names of the partners, if the plaintiff is a partnership, or the state or country of incorporation, if the plaintiff is a corporation.

Registrant information in petition to cancel: A petition to cancel should indicate the name and correspondence address and the current email address(es) of the current owner of record of the registration. [Note 7.] To determine the correspondence address of the owner of the registration, the petitioner may consult the Office’s Trademark Status and Document Retrieval (TSDR) system at <http://tsdr.uspto.gov/>. [Note 8.] The TSDR display of information includes a tab for “status,” a tab for “documents” and a link to “View Assignments.” The petitioner may consult the assignments database to determine whether the registration has been assigned. If the registration has been assigned, and the assignment has been recorded, the assignee is considered the owner of record and the complaint should name the assignee as defendant in the proceeding. See [TBMP § 309.02\(c\)\(2\)](#). Plaintiffs are encouraged to provide information about a new owner, which may not be in the Office’s TSDR database, even if there is a domestic representative. [Note 9.] Also, plaintiffs are encouraged to provide current contact information for attorneys, or in the case of registrations under § 66(a) of the Act, current contact information for the designated representative for the international registration, which may not be in the Office’s TSDR database. [Note 10.] Providing such information facilitates the Board’s location and service of the proper parties in order to avoid defaults that may subsequently be set aside and thus prolong the process. [Note 11.]

Substance of complaint: The complaint must also include a pleading of the substance (i.e., standing and grounds) of the complaint. See [TBMP § 309.03](#).

Signature: The complaint must be signed and include a description of the capacity in which the signing individual signs, e.g., attorney for plaintiff, plaintiff (if plaintiff is an individual), partner of plaintiff (if plaintiff is a partnership), officer of plaintiff identified by title (if plaintiff is a corporation), etc. See [TBMP § 309.02\(b\)](#).

309.02(b) Signature of Complaint

The complaint need not be verified, but it must be signed by the plaintiff or by the plaintiff’s attorney, as specified in 37 C.F.R. § 11.1, or other authorized representative, as specified in [37 C.F.R. § 11.14\(b\)](#). [Note 1.] See [TBMP § 106.02](#) and [TBMP § 114.06](#). Electronic signatures pursuant to [37 C.F.R. § 2.193\(c\)](#) are

required for complaints submitted electronically via ESTTA. [Note 2.] The Board views the electronic signature on the ESTTA filing form as pertaining to all attachments thereto. [Note 3.] Thus, a plaintiff's electronic signature on the ESTTA filing form serves as its signature for the entire complaint being filed, including in the absence of a signature on any attachment to the filing form. [Note 4.]

If an attorney signs the complaint, it need not be accompanied by a written power of attorney, but if a written power of attorney is filed, the plaintiff must sign it. If a plaintiff signing for itself is a partnership, the signature must be made by a partner. If a plaintiff signing for itself is a corporation or similar juristic entity, the signature must be made by an officer of the plaintiff who has authority to sign for the plaintiff and whose title is given. The signature should be accompanied by a description of the capacity in which the signing individual signs (i.e., as plaintiff, if plaintiff is an individual; as counsel for plaintiff; as a partner of plaintiff, if plaintiff is a partnership; as an officer of plaintiff identified by title, if plaintiff is a corporation; etc.).

Although a complaint must be signed, an unsigned or improperly signed complaint will not be refused consideration for that reason if a signed copy is submitted to the Board within the time limit set in the notification of this defect by the Board. [Note 5.] See [TBMP § 106.02](#).

However, Trademark Act § 14, [15 U.S.C. § 1064](#), limits, after a specified five-year period, the grounds on which certain Principal Register registrations may be cancelled. [Note 6.] See [TBMP § 307.02\(a\)](#). If an unsigned petition to cancel such a registration is filed prior to the expiration of the five-year period, but a signed copy thereof is not filed until after the expiration of the period, the petition can be entertained by the Board only to the extent that it pleads a ground for cancellation permitted after the expiration of the five-year period. [Note 7.] Cf. [TBMP § 308.02\(b\)](#). Although whenever it comes to the Board's attention, the Board makes every effort to notify petitioners of unsigned complaints before the expiration of any applicable statutory deadline, so that the informality may be corrected prior to the deadline, the Board has no obligation to do so, and cannot assume the burden of discovering filing errors within any specified time. [Note 8.]

309.02(c) Service of Complaint

A Board proceeding commences when an opposer or petitioner files its complaint with the Board, together with the required fee. [Note 1.]

Service of the complaint is provided by the Board in conjunction with the notice of institution. [Note 2.]

For information on service of the opposition on applicant, see [TBMP § 309.02\(c\)\(1\)](#). For information on service of the petition to cancel on respondent, see [TBMP § 309.02\(c\)\(2\)](#). For information on service of copies of an application for concurrent use registration, see [TBMP § 1106.04](#).

NOTES:

1. See [37 C.F.R. § 2.101\(a\)](#) and [37 C.F.R. § 2.111\(a\)](#).

2. See [37 C.F.R. § 2.105\(a\)](#) and [37 C.F.R. § 2.113\(a\)](#); MISCELLANEOUS CHANGES TO TRADEMARK TRIAL AND APPEAL BOARD RULES OF PRACTICE, 81 Fed. Reg. 69950, 69957 (October 7, 2016) (“[T]he notice of institution constitutes service and will include a web link or web address to access the electronic proceeding record.”).

309.02(c)(1) Service of Opposition on Applicant

[37 C.F.R. § 2.105](#) Notification to parties of opposition proceeding(s).

(a) *When an opposition in proper form (see §§ 2.101 and 2.104) has been filed with the correct fee(s), and the opposition has been determined to be timely and complete, the Trademark Trial and Appeal Board shall prepare a notice of institution, which shall identify the proceeding as an opposition, number of the proceeding, and the application(s) involved; and the notice shall designate a time, not less than thirty days from the mailing date of the notice, within which an answer must be filed. The notice, which will include a web link or web address to access the electronic proceeding record, constitutes service of the notice of opposition to the applicant.*

[37 C.F.R. § 2.101\(e\)](#) *The filing date of an opposition is the date of electronic receipt in the Office of the notice of opposition, and required fee. In the rare instances that filing by paper is permitted under these rules, the filing date will be determined in accordance with §§ 2.195 through 2.198.*

[37 C.F.R. § 2.119](#) *Service and signing.*

(a) *Except for the notice of opposition or the petition to cancel, every submission filed in the Office in inter partes cases, ... must be served upon the other party or parties.*

An opposition proceeding is commenced by filing in the Office a timely notice of opposition with the required fee. [Note 1.]

When an opposer files its notice of opposition with the Board, the opposition, including any exhibits, need not be served by the opposer on the defendant. Rather, the Board effects service of the complaint on the defendant. The Board provides notice to the defendant of the opposition proceeding by providing, in the notice of institution, a web link or web address to access the electronic proceeding record, and this constitutes service of the notice of opposition. [Note 2.] Applicants will receive notification of the Board proceeding by email. [Note 3.]

As a reminder, [37 C.F.R. § 2.18\(c\)](#) requires applicants and parties to proceedings to promptly notify the Office of any change in physical address or email address. In addition, parties are reminded of the importance of maintaining correct and current email address information with the Office and taking steps to ensure that Office emails are not blocked by servers or spam filters, or diverted to junk mail folders.

The filing date of the notice of opposition is the date of electronic receipt in the Office of the notice and the required fee. [Note 4.] However, in the rare circumstance that a notice of opposition is filed on paper, and the paper filing is permitted by the Director, on petition, if the notice of opposition is filed by the “Priority Mail Express® Post Office to Addressee” service of the United States Postal Service (USPS) in accordance with [37 C.F.R. § 2.198](#), then the filing date is the date the notice of opposition was deposited with the USPS [Note 5], unless the “date in” date cannot be determined, in which case the date the notice is received in the Office is considered the filing date of the opposition. [Note 6.] The Certificate of Mailing procedure described in [37 C.F.R. § 2.197](#) and the “Priority Mail Express® procedure described in [37 C.F.R. § 2.198](#) are available for the filing of a notice of opposition on paper. [Note 7.] Facsimile transmission of the notice of opposition is not permitted, and if submitted, will not be accorded a date of receipt. [Note 8.]

For information on filing fees see [TBMP § 308](#). For information on the service of other filings submitted to the Board, see [TBMP § 110.03](#) and [TBMP § 113.01](#).

(a) *When a petition for cancellation in proper form (see §§ 2.111 and 2.112) has been filed and the correct fee has been submitted, the Trademark Trial and Appeal Board shall prepare a notice of institution which shall identify the proceeding as a cancellation, number of the proceeding and the registration(s) involved; and shall designate a time, not less than thirty days from the mailing date of the notice, within which an answer must be filed. [37 C.F.R. § 2.119](#) *Service and signing.*

(a) *Except for the notice of opposition or the petition to cancel, every submission filed in the Office in inter partes cases, ... must be served upon the other party or parties.*

* * * *

A cancellation proceeding is commenced by filing in the Office a timely petition to cancel with the required fee. [Note 1.]

When petitioner files its petition to cancel with the Board, the petitioner need not serve a copy of the petition on the owner of record for the registration at the owner's address of record in the Office. Rather, the Board effects service of the complaint on defendant in a cancellation proceeding. The Board provides notice to the defendant of the cancellation proceeding by providing, in the notice of institution, a web address to access the electronic proceeding record, and this constitutes service of the petition to cancel. [Note 2.] In view of system enhancements to facilitate email service, the Board now serves defendants by email unless there is no email address of record for the defendant, in which case service is by U.S. mail. [Note 3.]

Please Note: With respect to a registered extension of protection under Trademark Act § 66(a), [15 U.S.C. § 1141f](#), while the Board will effect service on the owner of the registration, see [37 C.F.R. § 2.113\(b\)](#), the Board will endeavor to forward a courtesy copy of the notice to the international registration holder's designated representative which will include a web link or web address to access the electronic proceeding record. [Note 4.]

As a reminder, [37 C.F.R. § 2.18\(c\)](#) requires registrants and parties to proceedings to promptly notify the Office of any change in physical address or email address. In addition, parties are reminded of the importance of maintaining correct and current email address information with the Office and taking steps to ensure that Office emails are not blocked by servers or spam filters, or diverted to junk mail folders.

The filing date of the petition is the date of electronic receipt in the Office of the petition and the required fee. [Note 5.] However, in the rare circumstance that a petition to cancel is filed on paper and the paper filing is permitted by the Director on petition, if the petition is filed by the “Priority Mail Express® Post Office to Addressee” service of the United States Postal Service in accordance with [37 C.F.R. § 2.198](#), then the filing date is the date the petition to cancel was deposited with the USPS, [Note 6], unless the “date in” date cannot be determined, in which case the date the petition is received in the Office is considered the filing date of the petition to cancel. 309.03(a) In General

309.03(a)(1) Scope of Opposition and Petition to Cancel

In an opposition, the registration sought by an applicant may be opposed in whole, or in part. Similarly, a petitioner may seek to cancel a registration in whole, or in part. [Note 1.] See [TBMP § 309.03\(d\)](#). However, geographic limitations will be considered and determined by the Board only within the context of a concurrent use registration proceeding. [Note 2.] See [TBMP Chapter 1100](#).

An opposition against a Trademark Act § 66(a), [15 U.S.C. § 1141f\(a\)](#), application must be filed through ESTTA. Because ESTTA requires the opposer of a § 66(a) application to provide information essential to the opposition in order to allow the USPTO to meet promptly its notification obligation to the World Intellectual Property Organization (“WIPO”), the scope of the goods and services being opposed are limited to those identified in the ESTTA-generated cover sheet. [Note 3.] For the same reason, and because only the information on the ESTTA-generated cover sheet is forwarded to WIPO automatically without review, the grounds for a notice of opposition are limited to those selected and reflected on the ESTTA-generated cover sheet regardless of what any accompanying notice of opposition asserts. [Note 4.]

The Board is an administrative tribunal that is empowered to determine only the right to register; it may not determine the right to use, or broader questions of infringement or unfair competition. See [TBMP § 102.01](#).

International Business Machines Corp.*, 113 USPQ2d 1148, 1152 (TTAB 2014) (ESTTA form controls scope of permissible amendments to claims against § 66(a) application, because opposer did not limit grounds to any particular class on ESTTA form, opposer may seek leave to amend the attached pleading to assert those grounds against all three classes even though original attached pleading did not); MISCELLANEOUS CHANGES TO TRADEMARK TRIAL AND APPEAL BOARD RULES OF PRACTICE, 81 Fed. Reg. 69950, 69957 (October 7, 2016).

309.03(a)(2) Elements of Complaint – In General

A notice of opposition must include (1) a short and plain statement of the reason(s) why opposer believes it would be damaged by the registration of the opposed mark (i.e., opposer’s standing to maintain the proceeding -- see [TBMP § 303.03](#) and [TBMP § 309.03\(b\)](#)), and (2) a short and plain statement of one or more grounds for opposition. [Note 1.]

Similarly, a petition to cancel must include (1) a short and plain statement of the reason(s) why petitioner believes it is or will be damaged by the registration sought to be cancelled (i.e., petitioner’s standing to maintain the proceeding -- see [TBMP § 303.03](#) and [TBMP § 309.03\(b\)](#)) and (2) a short and plain statement of the ground(s) for cancellation. [Note 2.]

A pleading should include enough detail to give the defendant fair notice of the basis for each claim. [Note 3.] The elements of each claim should be stated simply, concisely, and directly, and taken together “state a claim to relief that is plausible on its face.” [Note 4.] See [TBMP § 503.02](#).

All averments should be made in numbered paragraphs, the contents of each of which should be limited as far as practicable to a statement of a single set of circumstances. [Note 5.] Each claim founded upon a separate transaction or occurrence should be stated in a separate count whenever a separation would facilitate the clear presentation of the matters pleaded. [Note 6.] A paragraph may be referred to by number in all succeeding paragraphs, and statements in the complaint may be adopted by reference in a different part of the complaint. [Note 7.]

A plaintiff may state as many separate claims as it has, regardless of consistency; a plaintiff may also set forth two or more statements of a claim alternatively or hypothetically, either in one count or in separate counts. [Note 8.]

When two or more statements are made in the alternative, the sufficiency of each is determined independently. The fact that one of them may be insufficient does not mean that the other(s) is (are) also insufficient. [Note 9.]

Evidentiary matters (such as, for example, lists of publications or articles in which a term sought to be registered by an applicant is alleged to be used descriptively) should not be pleaded in a complaint. They are matters for proof, not for pleading. [Note 10.]

Factual allegations made in the pleadings are not evidence of the matters alleged except insofar as they might be deemed to be admissions against interest. [Note 11.]

In inter partes proceedings before the Board, as in civil cases before the United States district courts, all pleadings are so construed as to do justice. [Note 12.]

For a discussion of the grounds for opposition and cancellation, see [TBMP § 309.03\(c\)](#) and 3 J. THOMAS MCCARTHY, MCCARTHY ON TRADEMARKS AND UNFAIR COMPETITION §§ 20:13 et. seq. and §§ 20:52 et. seq. (2020), for oppositions and cancellations, respectively. For a discussion of the grounds upon which a Principal Register registration over five years old may be cancelled, see [TBMP § 307.01](#) and [TBMP § 307.02](#) and 3 J. THOMAS MCCARTHY, MCCARTHY ON TRADEMARKS AND UNFAIR COMPETITION §§ 20:55 et. seq. (2020).

309.03(b) Standing

Any person who believes it is or will be damaged by registration of a mark has standing to file a complaint. [Note 1.] See [TBMP § 303](#). At the pleading stage, all that is required is that a plaintiff allege facts sufficient to show a "real interest" in the proceeding, and a "reasonable basis" for its belief that it would suffer some kind of damage if the mark is registered. [Note 2.] See also [TBMP § 303.06](#) regarding pleading of standing by joint plaintiffs. To plead a "real interest," plaintiff must allege a "direct and personal stake" in the outcome of the proceeding. [Note 3.] The allegations in support of plaintiff's belief of damage must have a reasonable basis "in fact." [Note 4.]

Allegations in support of standing which may be sufficient for pleading purposes must later be affirmatively proved by the plaintiff at trial (or on summary judgment). [Note 5.] However, there is no requirement that actual damage be pleaded or proved, or that plaintiff show a personal interest in the proceeding different or "beyond that of the general public" [Note 6], in order to establish standing or to prevail in an opposition or cancellation proceeding. See [TBMP § 303.03](#).

A real interest in the proceeding and a reasonable belief of damage may be found, for example, where plaintiff pleads (and later proves):

A claim of likelihood of confusion that is not wholly without merit [Note 7], including claims based upon current ownership of a valid and subsisting registration [Note 8] or prior use of a confusingly similar mark. [Note 9.] A registration on the Supplemental Register may be sufficient to establish standing [Note 10];

Plaintiff has been refused registration of its mark because of defendant's registration, or has been advised that it will be refused registration when defendant's application matures into a registration, or has a reasonable belief that registration of its application will be refused because of defendant's registration [Note 11];

Plaintiff has a bona fide intent to use the same mark for related goods, and is about to file an intent-to-use application to register the mark, and believes registration of the mark will be refused in view of defendant's registration [Note 12];

Defendant has relied on its ownership of its application or registration in another proceeding between the parties, or defendant has asserted a likelihood of confusion in another proceeding between the parties involving the same marks. [Note 13.]

A counterclaimant's standing to cancel a pleaded registration is inherent in its position as defendant in the original proceeding. [Note 14.] *See also* [TBMP § 313.03](#).

A plaintiff need not assert proprietary rights in a term in order to have standing. [Note 15.] For example, when descriptiveness or genericness of the mark is in issue, plaintiff may plead (and later prove) its standing by alleging that it is engaged in the sale of the same or related products or services (or that the product or service in question is within the normal expansion of plaintiff's business) and that the plaintiff has an interest in using the term descriptively in its business. (That is, plaintiff may plead that it is a competitor.) [Note 16.] Allegations that plaintiff is a competitor may be made in connection with other claims as well. [Note 17.]

If a plaintiff can show standing on one ground, it has the right to assert any other grounds in an opposition or cancellation proceeding. [Note 18.]

Grounds for petitions to cancel a Principal Register registration that is more than 5 years old are more limited and are specified in Trademark Act § 14(3) and Trademark Act § 14(5), [15 U.S.C. § 1064\(3\)](#) and [15 U.S.C. § 1064\(5\)](#). See [TBMP § 307.01](#).

In pleading the grounds for opposition or cancellation, citation to a section of the statute, although encouraged and often helpful in clarifying the nature of a set of allegations in a pleading, may not be sufficient to plead a claim under that section or place a defendant on proper notice of the extent of the claim. For example, although the Trademark Act provides that dilution under Trademark Act § 43(c), [15 U.S.C. § 1125](#) may be asserted as a claim in a Board proceeding, mere reference to that section of the Trademark Act is insufficient to plead a dilution claim, as proper pleading of the claim also requires an allegation that the plaintiff's mark was famous prior to the earliest date on which the defendant can rely for purposes of priority. [Note 3.]

A plaintiff cannot rely upon an unpleaded claim unless the plaintiff's pleading is amended (or deemed amended), pursuant to Fed. R. Civ. P. 15(a) or (b), to assert the matter. [Note 4.] See also [TBMP § 314](#). In cases brought under Trademark Act § 2(d), [15 U.S.C. § 1052\(d\)](#) the plaintiff must specifically plead any registrations on which it is relying and may not rely at trial on unpleaded registrations. [Note 5.] For information regarding express or implied consent to the trial of an unpleaded issue, see [TBMP § 507.03\(b\)](#).

Electronic filing through ESTTA requires an opposer or petitioner to select relevant grounds for opposition or cancellation, with the required accompanying statement supporting and explaining the grounds. See [37 C.F.R. § 2.104\(a\)](#) and [37 C.F.R. § 2.112\(a\)](#).

Examples of available grounds for opposition and for cancellation are listed below. **Please Note:** The grounds identified in examples (2) (as to *de jure* functional marks), (3), (12) through (14), (17), and (21) are available for cancellation of a Principal Register registration over five years old. This list is exemplary, not exhaustive.

(1) Trademark Act § 2(d), [15 U.S.C. § 1052\(d\)](#): That defendant's mark so resembles a mark registered in the Office, or a mark or trade name previously used in the United States by another and not abandoned, as to be likely, when used on or in connection with the goods or services of the defendant, to cause confusion, or to cause mistake, or to deceive. [Note 6.]

(2) Trademark Act § 2(e), [15 U.S.C. § 1052\(e\)](#): For example, that defendant's mark, when used on or in connection with the goods or services of the defendant, is merely descriptive or deceptively misdescriptive of them, [Note 7] or that defendant's mark is primarily geographically descriptive [Note 8] or primarily geographically deceptively misdescriptive of them [Note 9]; or that defendant's mark is primarily merely a surname [Note 10]; or that defendant's mark comprises any matter that, as a whole, is functional. [Note 11.]

(3) Trademark Act § 2(a), [15 U.S.C. § 1052\(a\)](#): For example, that defendant's mark is geographically deceptive, [Note 12] that defendant's mark falsely suggests a connection with plaintiff's name or identity [Note 13], or that defendant's mark is a geographical indication which, when used on or in connection with wines or spirits, identifies a place other than the origin of the goods and was first used on or in connection with wines or spirits by the applicant on or after January 1, 1996. [Note 14.]

(4) That there was no bona fide use of defendant's mark in commerce prior to the filing of the use-based application for its registration under Trademark Act § 1(a), [15 U.S.C. § 1051\(a\)](#), or for a Trademark Act § 1(b), [15 U.S.C. § 1051\(b\)](#) application, within the expiration of the time for filing a statement of use. [Note 15.]

(5) That defendant did not have a bona fide intent to use the mark in connection with the identified goods/services as of the filing date of the application under Trademark Act § 1(b), [15 U.S.C. § 1051\(b\)](#). [Note 17.] A plaintiff need not allege and prove that the defendant acted in bad faith and intended to deceive the USPTO. The requirements for pleading and proving a lack of a bona fide intent to use a mark do not equate to the requirements for pleading and proving fraud. [Note 17.]

(6) That defendant's mark is a mere background design that does not function as a mark separate and apart from the words displayed thereon. [Note 18.]

(7) That defendant is not (and was not, at the time of the filing of its application for registration) the rightful owner of the registered mark. [Note 19.]

(8) That defendant's mark, consisting of a particular color combination applied to its goods, is ornamental and has not become distinctive as an indication of the source of defendant's goods. [Note 20.]

(9) That defendant's mark, consisting of a particular sound applied to its goods, is not inherently distinctive and has not acquired distinctiveness. [Note 21.]

(10) That defendant's mark, consisting of trade dress, product design or packaging, is not inherently distinctive and has not acquired distinctiveness. [Note 22.]

(11) That the term for which registration is sought or for which registration has been obtained has not been used as a trademark or service mark. [Note 23.]

(12) That defendant's mark represents multiple marks in a single application (or registration) ("phantom mark"). [Note 24.]

(13) That defendant's mark has been abandoned due to nonuse with intent not to resume use, and nonuse for three consecutive years shall be prima facie evidence of abandonment, [Note 25]; or due to a course of conduct that has caused the mark to lose significance as an indication of source. [Note 26.]

(14) That defendant's mark consists of or comprises the name of a particular living individual without the individual's consent. Trademark Act § 2(c), [15 U.S.C. § 1052\(c\)](#). [Note 27.]

(15) That defendant's product design is generic. [Note 28.]

(16) That defendant's mark would dilute the distinctive quality of plaintiff's famous mark. [Note 29.]

(17) That defendant has used its mark so as to misrepresent the source of its goods or services. [Note 30.]

(18) That defendant has misused the federal registration symbol with intent to deceive the purchasing public or others in the trade into believing that the mark is registered. [Note 31.]

(19) That defendant committed fraud in the procurement of its registration or during the prosecution of its application for registration. [Note 32.]

(20) That defendant's registered mark interferes with the registration of a foreign owner's mark under Article 8 of the General Inter-American Convention for Trademark and Commercial Protection of Washington, 1929 ("Pan American Convention"), 46 Stat. 2907. [Note 33.]

(21) That defendant's application is barred from registration by claim or issue preclusion. [Note 34.]
See also [TBMP § 311.02\(b\)](#).

(22) That defendant's mark is the title of a single creative work and not considered a trademark. [Note 35.]

(23) Trademark Act § 2(b), [15 U.S.C. § 1052\(b\)](#): Registration of a mark which is "the flag or coat of arms or other insignia of the United States, or of any State or municipality" is prohibited. [Note 36.]

(24) That defendant has not established a commercial presence in the country from which its underlying foreign registration issued where such foreign registration forms the basis of the U.S. registration or application for registration. Trademark Act § 44(e); [15 U.S.C. § 1126\(e\)](#). [Note 37.]

(25) That the intent-to-use application was assigned or transferred in contravention of Trademark Act § 10; [15 U.S.C. § 1060](#). [Note 38.]

(26) That the mark is generic. [Note 39.] A mark registered on the Supplemental Register is subject to cancellation on the basis that it is generic. [Note 40.]

(27) That the mark is not in lawful use in commerce where the provision of the identified goods and/or services is unlawful under federal law. [Note 41.]

309.03(c)(2) Priority and Likelihood of Confusion

The following is a brief discussion of the elements of a claim of likelihood of confusion, the most frequently encountered issue in Board inter partes proceedings.

Pursuant to Trademark Act § 2(d), 15 U.S.C. § 1052(d), plaintiff must assert, and then prove at trial, that defendant's mark, as applied to its goods or services, so resembles plaintiff's previously used or registered mark or its previously used trade name as to be likely to cause confusion, mistake, or deception.

A. Priority

A plaintiff must plead (and later prove) priority of use. [Note 1.] In order to properly assert priority, a plaintiff must allege facts showing proprietary rights in its pleaded mark that are prior to defendant's rights in the challenged mark. [Note 2.] Such rights may be shown by, for example, ownership of an application with a filing date (or a registration with an underlying application filing date) prior to any date of first use on which

defendant can rely; [Note 3] prior trademark or service mark use; [Note 4] or prior use analogous to trademark or service mark use. [Note 5.]

However, priority is not in issue in an opposition where opposer pleads (and later proves) that it owns a registration for its pleaded mark, [Note 6] provided that there is no counterclaim or separate petition to cancel the pleaded registration, or any counterclaim or separate petition to cancel the pleaded registration by the applicant is ultimately dismissed and the registration remains uncanceled. [Note 7.]

A plaintiff may be permitted to assert the proprietary rights or registration(s) of a third-party as a basis for a Trademark Act § 2(d), [15 U.S.C. § 1052\(d\)](#) ground if plaintiff can show a legitimate interest in preventing confusion between the pleaded mark(s) and the defendant's mark. [Note 8.]

B. Likelihood of Confusion

The evidentiary factors the Board considers in determining likelihood of confusion are set out in *In re E.I. du Pont de Nemours & Co.*, 476 F.2d 1357, 177 USPQ 563 (CCPA 1973). These factors include the similarity of the marks, the relatedness of the goods and/or services, the channels of trade and classes of purchasers for the goods and/or services, the number and nature of similar marks in use on similar goods, the nature and extent of any actual confusion, and the fame of the prior mark. [Note 1.] The relevance and weight to be given the various factors may differ from case to case and a single *du Pont* factor may be dispositive in certain cases. [Note 2.]

Direct or Hypothetical Pleading of Likelihood of Confusion: A plaintiff may plead likelihood of confusion directly or hypothetically. [Note 3.] A hypothetical pleading may consist of assertions that if, as the trademark examining attorney (or the defendant) contends, plaintiff's mark so resembles defendant's mark as to be likely, when applied to the goods and/or services of the plaintiff, to cause confusion, then plaintiff will be damaged by the registration of defendant's mark. [Note 4.] Of course, in order to state a claim upon which relief can be granted, a hypothetical pleading of likelihood of confusion must be coupled with a pleading of one or more grounds for opposition or cancellation, such as, that defendant's mark has been abandoned; that plaintiff has priority of use (here, the hypothetical pleading of likelihood of confusion serves both as a pleading of plaintiff's standing and as part of the pleading of a ground under Trademark Act § 2(d), [15 U.S.C. § 1052\(d\)](#)); etc. Thus, a plaintiff wishing to plead likelihood of confusion hypothetically in a proceeding based upon Trademark Act § 2(d), [15 U.S.C. § 1052\(d\)](#) might assert, for example, that if, as the trademark examining attorney (or the defendant) contends, plaintiff's mark so resembles defendant's mark as to be likely, when applied to the goods and/or services of the plaintiff, to cause confusion, then the registration sought by defendant should be refused (or defendant's registration should be cancelled) because plaintiff has priority of use. [Note 5.]

Reverse Confusion: "Reverse confusion" does not have to be specifically pleaded so long as the plaintiff asserts that the respective marks are so similar as applied to the respective goods or services as to be likely to cause confusion. [Note 6.]

309.03(d) Remedy Under Trademark Act § 18, 15 U.S.C. § 1068, (Partial Opposition or Partial Cancellation)

15 U.S.C. § 1068 [*Trademark Act § 18*] *In such proceedings the Director may refuse to register opposed mark, may cancel the registration, in whole or in part, may modify the application or registration by limiting the goods or services specified therein, may otherwise restrict or rectify with respect to the register the registration of a registered mark, may refuse to register any or all of several interfering marks, or may register the mark or marks for the person or persons entitled thereto, as the rights of the parties under this chapter may be established in the proceedings....*

[37 C.F.R. § 2.111\(b\)](#) *Any person who believes that he, she or it is or will be damaged by a registration may file a petition, addressed to the Trademark Trial and Appeal Board, for cancellation of the registration in whole or in part. ...*

[37 C.F.R. § 2.133\(b\)](#) *If, in an inter partes proceeding, the Trademark Trial and Appeal Board finds that a party whose application or registration is the subject of the proceeding is not entitled to registration in the absence of a specified restriction to the involved application or registration, the Board will allow the party time in which to file a motion that the application or registration be amended to conform to the findings of the Board, failing which judgment will be entered against the party.*

[37 C.F.R. § 2.99\(h\)](#) *The Trademark Trial and Appeal Board will consider and determine concurrent use rights only in the context of a concurrent use registration proceeding.*

[37 C.F.R. § 2.133\(c\)](#) *Geographic limitations will be considered and determined by the Trademark Trial and Appeal Board only in the context of a concurrent use registration proceeding.*

Under Trademark Act § 18, [15 U.S.C. § 1068](#), the Board has the authority to cancel registrations in whole or in part, to restrict the goods or services identified in an application or registration, or to “otherwise restrict or rectify...the registration of a registered mark.” [Note 1.] However, geographic limitations will be considered and determined by the Board only within the context of a concurrent use proceeding. [Note 2.] For information concerning concurrent use proceedings, see [TBMP Chapter 1100](#).

Relief under Trademark Act § 18, [15 U.S.C. § 1068](#), may be sought separately and apart from, or in addition to, any other ground. [Note 3.] A claim under Trademark Act § 18, [15 U.S.C. § 1068](#), is in the nature of an equitable remedy and does not require pleading and proof of specific grounds for cancellation or opposition, such as abandonment. [Note 4.]

Please Note: A claim in which the plaintiff seeks to delete specific items on the grounds that the defendant is no longer using, and has no intent to resume use of its mark on those goods or services, is not a claim under Trademark Act § 18, [15 U.S.C. § 1068](#) but is essentially a “straightforward” pleading of abandonment. [Note 5.]

A claim to restrict or limit the goods or services under Trademark Act § 18, 15 U.S.C. § 1068. A plaintiff may seek to partially cancel a registration, or partially oppose registration only as to specific items in the identification of goods or services, or only to the extent of restricting the goods or services in a particular manner in terms of type, use, customers, trade channels, etc. [Note 6.] In such case, essentially a plaintiff is seeking either to delete specific items or limit the identification in some way. For example, a plaintiff may seek to restrict or modify the goods or services in a particular manner, that is, by the addition of wording that identifies the goods or services with greater particularity in terms of type, use, channels of trade, etc.

However, the Board will not permit an action to restrict or modify the goods or services in this manner where such a claim is divorced from the question of likelihood of confusion. [Note 7.] Thus, a party seeking to restrict an opponent’s broadly worded identification of goods or services, in a case involving likelihood of confusion, must plead and prove that (i) the entry of a proposed restriction to the goods or services in its opponent’s application or registration will avoid a finding of likelihood of confusion and (ii) the opponent is not using its mark on those goods or services that will be effectively excluded from the application or registration if the proposed restriction is entered. [Note 8.]

In considering a restriction of a registration, the Board will look to the nature of the use made by registrant as of the time the restriction is sought, not as of the time registration was sought. [Note 9.]

A petition to partially cancel a registration by restricting the goods or services in a particular manner in terms of type, use, channels of trade, etc., in order to avoid a likelihood of confusion can be made against registrations over 5 years old as well as those less than 5 years old. [Note 10.] This is so because such a claim is in the nature of an equitable remedy and does not constitute an attack on the validity of a registration. [Note 11.]

A claim to restrict or rectify with respect to the register the registration. A petition to restrict or clarify the description of a mark in a registration would fall under the provision giving the Board authority to “restrict or rectify” the register. [Note 12.] As in the case of a petition to restrict goods or services, a proper pleading to restrict the description of a mark could include allegations that, for example, the description of the mark in the registration is ambiguous or overly broad and not specific to the mark actually used by the defendant, and that the limitation would avoid a finding of a likelihood of confusion. [Note 13.]

That same provision, along with the authority to “register the mark...for the person...entitled thereto,” allows the Board to correct, respectively, a registration or application to identify the true owner, if such correction is warranted. [Note 14.]

Similarly, under this provision, a plaintiff may seek relief in the nature of entry of a disclaimer of an assertedly generic term forming only a portion of the mark, provided that the registration is less than five years old. [Note 15.]

As in the case of any other claim, a claim for partial opposition or partial cancellation ordinarily should be asserted prior to trial in order to give the defendant fair notice thereof. [Note 16.] *See also* [TBMP § 309.03](#), [TBMP § 314](#) and [TBMP § 507](#). In addition, the claim must be specific in nature so that the defendant has fair notice of the specific restriction being sought. [Note 17.] Any claim that is not pleaded in the complaint, as originally filed or as amended (or deemed amended) pursuant to Fed. R. Civ. P. 15(a) or 15(b), will not be entertained by the Board. [Note 18.] *See also* [TBMP § 309.03](#), [TBMP § 314](#) and [TBMP § 507](#).

A defense which seeks to restrict a plaintiff's pleaded registration will not be entertained in the absence of a timely counterclaim, or separate petition, to cancel the registration in whole or in part. [Note 19.] *See* [TBMP § 309.03\(c\)](#), [TBMP § 311.01\(c\)](#) and [TBMP § 313.01](#).

19. [37 C.F.R. § 2.106\(b\)\(3\)\(ii\)](#).**309.04 Defects in Complaint That May Affect Institution of Proceeding**

An opposition or a petition for cancellation must be filed via ESTTA. However, if ESTTA is unavailable due to technical problems, or due to extraordinary circumstances, an opposition or petition for cancellation may be filed on paper, (except for an opposition against a § 66(a) application) if accompanied by a Petition to the Director under 37 C.F.R. § 2.146 and the required fee. [Note 1.] Following are circumstances that affect the institution of the proceeding, some of which are specific to paper filings.

No proceeding will be instituted, and any submitted filing fee for the proceeding will be refunded in the following circumstances:

(1) If an opposition filed during an extension of time to oppose is in the name of someone other than the person who obtained the extension, and the opposer is unable to show, pursuant to [37 C.F.R. § 2.102\(b\)](#), that it is in privity with the person who obtained the extension, or that the person in whose name the extension was requested was misidentified through mistake. See [TBMP § 303.05](#).

(2) In the rare circumstance that an opposition or a petition for cancellation *in paper form, accompanied by a Petition to the Director and the required fee*, and the opposition or petition to cancel is deemed prematurely filed (i.e., prior to publication of the subject mark in the Official Gazette for purposes of opposition, or prior to issuance of a registration of the subject mark, respectively, even if the registration has issued by the time of the Board's action). See [TBMP § 306.03](#) and [TBMP § 307.03](#). **Please Note:** ESTTA does not permit a party to file a notice of opposition prior to the opposition period or a petition to cancel prior to registration of the mark.

(3) In the rare circumstance that an opposition is filed *in paper form accompanied by a Petition to the Director and the required fee*, and the opposition is filed after the time for opposing has expired; or is filed unsigned, and a signed copy is not submitted within the time limit set in the notification of this defect by the Board; or is filed without the required fee; or if the opposed application was abandoned before the opposition was filed. See [TBMP § 218](#), [TBMP § 306.04](#), [TBMP § 308](#) and [TBMP § 309.02\(b\)](#). **Please Note:** ESTTA does not permit a plaintiff to file a notice of opposition after the expiration of the opposition period or without payment of the required fee. [Note 2.]

(4) If a party files an opposition, but the notice of opposition misidentifies the application serial number, and it is clear from the notice of opposition that another serial number was intended, should it come to the Board's attention as the Board is manually instituting the opposition that a notice of allowance has issued with respect to the intended serial number or that the mark has been registered, the proceeding will not be instituted and the filing fee will be refunded.

(5) In the rare circumstance that a petition for cancellation is filed *in paper form accompanied by a Petition to the Director and the required fee*, but the petition to cancel is not accompanied by a fee sufficient to pay in full for each named petitioner for each class in the registration(s) for which cancellation is sought, the cancellation may not be instituted. [Note 3.]

No proceeding will be instituted and the filing fee will not be refunded in the following circumstances:

(1) If a party files an opposition or petition for cancellation *in paper form* without the Petition to the Director and the required fee under [37 C.F.R. § 2.146](#), the proceeding will not be instituted and the filing fee will not be refunded.

(2) If a party files an opposition or petition for cancellation *in paper form accompanied by the Petition to the Director and the required fee* and the required showing in the Petition to the Director is found to be insufficient, the proceeding will not be instituted and the filing fee will not be refunded.

Proceedings will be instituted and the filing fee charged in the following circumstances:

(1) In the rare circumstance that a party files a petition for cancellation *in paper form, accompanied by a Petition to the Director and the required fee*, and the Petition to the Director is granted, and the petition to cancel is filed against a Principal Register registration that is more than five years old, but does not allege any ground upon which such a registration can be cancelled (*see* Trademark Act § 14, [15 U.S.C. § 1064](#)), the cancellation will still be instituted. (The insufficiency of pleaded claims must be raised by motion, such as under Fed. R. Civ. P. 12. It may also be addressed during a discovery conference conducted with Board participation.) Any fee submitted with the petition will not be refunded. **Please Note:** when a plaintiff uses ESTTA to file a notice of opposition or petition to cancel, ESTTA presents a checklist of available grounds and prompts the filer to select grounds for opposition or cancellation. [Note 4.] Failure to select or include any grounds will halt the filing process. For a petition to cancel, if the involved registration is more than five years old, ESTTA will present a listing of available grounds under Trademark Act § 14(3) and Trademark Act § 14(5), [15 U.S.C. § 1064\(3\)](#) and [15 U.S.C. § 1064\(5\)](#), and will not allow a party to select other (unavailable) grounds.

(2) In the rare circumstances that a petition for cancellation is filed *in paper form, accompanied by a Petition to the Director and the required fee*, and at the time of the filing of the petition, the registration sought to be cancelled was not a “live” registration (e.g., the time for filing an affidavit of use under Trademark Act § 8, [15 U.S.C. § 1058](#), had expired, and no acceptable affidavit had been filed; the registration had already been cancelled as the result of a previous cancellation proceeding), the proceeding will be instituted, and then dismissed as moot. Any fee submitted with the petition for cancellation will not be refunded. **Please Note:** The ESTTA filing system prompts the user to input the registration number of the mark for which cancellation is sought. If the registration is not “live,” ESTTA will halt the process. ESTTA will also refuse to continue an opposition filing process if the potential opposer inputs a serial number for a mark that has not yet been published for opposition or for which the opposition period has expired.

(3) In the rare circumstances that a party files an opposition or a petition for cancellation *in paper form, accompanied by a Petition to the Director and the required fee*, and the filer immediately thereafter changes its mind, and requests that the opposition or petition for cancellation not be instituted and that the papers be returned, the request ordinarily will be denied, the proceeding will be instituted, and no refund will be made. However, in cases where the Petition to the Director to file on paper is granted and there is a defect in the opposition or petition for cancellation which precludes institution, no proceeding will be instituted, and any submitted fee for the opposition or petition to cancel will be refunded.

(4) If a party files an opposition or a petition for cancellation but misidentifies the application serial number or registration number, and the proceeding is instituted against the incorrect serial or registration number, the filing fee will not be refunded. [Note 5.] *See* [TBMP § 306.01](#).

When a proceeding is erroneously instituted, the proceeding will be dismissed as a nullity, rather than vacated, so as to maintain the integrity of the proceeding numbers. If the opposition or cancellation was filed on paper, the Board will appropriately dispose of all physical papers because the papers are scanned shortly after filing and appear in the electronic docket for the instituted, though dismissed, proceeding. If the proceeding was instituted through ESTTA, the electronic file record for the erroneous opposition or cancellation will be retained in TTABVue.

37 C.F.R. § 2.113 Notification of cancellation proceeding.

(a) *When a petition for cancellation in proper form (see §§ 2.111 and 2.112) has been filed and the correct fee has been submitted, the Trademark Trial and Appeal Board shall prepare a notice of institution which shall identify the proceeding as a cancellation, number of the proceeding and the registration(s) involved; and shall designate a time, not less than thirty days from the mailing date of the notice, within which an answer must be filed. (b) *The Board shall forward a copy of the notice to petitioner, as follows:*

(1) *If the petition for cancellation is transmitted by an attorney, or a written power of attorney is filed, the Board will send the notice to the attorney transmitting the petition for cancellation or to the attorney designated in the power of attorney, provided that person is an “attorney” as defined in §11.1 of this chapter, to the attorney’s email or correspondence address of record for the attorney.*

The alleged current owner may file a motion to be joined or substituted as respondent.*

37 C.F.R. § 2.119 Service and signing.

(a) *Except for the notice of opposition or the petition to cancel, every submission filed in the Office in inter partes cases, ... must be served upon the other party or parties. * * * **

A notice of opposition must be filed through ESTTA (see [37 C.F.R. § 2.101\(b\)\(1\)](#)). When a timely opposition in proper form (See [37 C.F.R. § 2.101](#) and [37 C.F.R. § 2.104](#)), has been filed, the required fee(s) have been submitted, and the opposition has been determined to be timely and complete, the opposition will be instituted. [Note 1.] The defendant in the opposition is the party shown by the records of the United States Patent and

Trademark Office to be the current owner of the opposed application, except that the Board, in its discretion, may join or substitute as defendant a party that makes a showing of a current ownership interest in the application. [Note 2.] See [TBMP § 512](#).

When a timely petition to cancel in proper form (See [37 C.F.R. § 2.111\(a\)](#) and [37 C.F.R. § 2.112](#)) has been filed and the required fee has been submitted, the cancellation will be instituted. [Note 3.] The defendant in the cancellation proceeding is the party shown by the records of the Office to be the current owner of the registration sought to be cancelled, except that the Board, in its discretion, may join or substitute as defendant a party which makes a showing of a current ownership interest in the registration. [Note 4.] See [TBMP § 512](#).

A petition for cancellation must be filed through ESTTA (see [37 C.F.R. § 2.111\(c\)\(1\)](#)). However, when a timely petition to cancel in proper form is submitted *on paper*, accompanied by the Petition to the Director and the requisite fee, (see [37 C.F.R. § 2.111\(c\)\(2\)](#)), and the paper filing is permitted by the Director, on petition, the Board checks the assignment records of the Office to determine whether there is any recorded assignment of the registration, and if so, the identity of the assignee. After the title search has been completed, the cancellation proceeding is instituted. Cf. [TBMP § 124](#). **Please Note:** A petition to cancel should indicate the name, address, and email address of the current owner of record of the registration. [Note 5.] To determine the correspondence address of the owner of the registration in the Office's TSDR system, the petitioner may access TSDR through <http://tsdr.uspto.gov/>. [Note 6.] The TSDR display of information includes an active link to assignment information. The petitioner may consult this display of information to determine whether the registration has been assigned. If the registration has been assigned, the assignee is considered the owner of record and the complaint should name the assignee as defendant in the proceeding. See [TBMP § 309.02\(a\)](#). Plaintiffs are encouraged to provide information about a new owner, which may not be reflected in the Office's TSDR database, even if there is a domestic representative. [Note 7.] Also, plaintiffs are encouraged to provide current contact information for attorneys, or in the case of registrations under § 66(a) of the Act, current contact information for the designated representative for the international registration, which may not be in the Office's TSDR database. [Note 8.] Providing such information facilitates the Board's location and service of the proper parties in order to avoid defaults that may subsequently be set aside and thus prolong the process. [Note 9.]

Next, the Board prepares an institution order wherein it notifies the parties of the formal institution of the proceeding. The institution order includes the identification information described in [37 C.F.R. § 2.105\(a\)](#), for an opposition, or in [37 C.F.R. § 2.113\(a\)](#), for a cancellation; states that proceedings in the case will be conducted in accordance with the Trademark Rules of Practice, 37 C.F.R. Part 2, and specifies the due date for the filing of defendant's answer to the complaint. The institution order also sets forth the remaining schedule for the case – deadline for the required discovery conference and for initial and expert disclosures, the opening and closing dates for the discovery period, assigning each party's time for pretrial disclosures and for taking testimony, and the briefing periods. [Note 10.] The Board will send notification of the proceeding to the email or correspondence address of the parties. [Note 11.] With regard to cancellations, the Board will send notification to defendants by email where an email address is of record for registrant and by U.S. mail where there is no email address of record for registrant. [Note 12.] The notice, which will include a web link or web address to access the electronic proceeding record in TTABVue, the Board's electronic docket information and file database, constitutes service of the opposition or petition for cancellation on defendant. [Note 13.]

As a reminder, [37 C.F.R. § 2.18\(c\)](#) requires applicants and registrants and parties to Board proceedings to promptly notify the Office of any change in physical address or email address. In addition, parties are reminded of the importance of maintaining correct and current email address information with the Office

and taking steps to ensure that Office emails are not blocked by servers or spam filters, or diverted to junk mail folders.

In any proceeding, when a notice from the Board of the commencement of a proceeding, sent to any defendant (respondent or applicant) in electronic or paper form, is returned to the Office undelivered, additional notice may be given by publication in the Official Gazette, available via the Office's website (<http://www.uspto.gov>). [Note 14.]

The Board sends the institution order to the attorney representing the plaintiff [Note 15], or, if the plaintiff is representing itself, to the plaintiff itself, unless the plaintiff has designated in writing another correspondence address. [Note 16.] If the plaintiff is not represented by an attorney, but the plaintiff has appointed a domestic representative, the Board will send the institution order to the domestic representative, unless the plaintiff designates in writing another correspondence address. [Note 17.]

In an opposition, the Board sends the institution order, together with instructions and a web link or web address for viewing the opposition and any exhibits thereto in the electronic file for the proceeding via the Board's TTABVUE system, to the attorney or other authorized representative of the applicant, or, if the applicant is representing itself, to the applicant itself. If the applicant is not represented by an attorney but the applicant has appointed a domestic representative, the Board will send the institution order to the domestic representative unless the applicant designates in writing another correspondence address. [Note 18.] In a cancellation, the institution order is sent, together with instructions and a web link or web address for viewing the petition and any exhibits thereto in the electronic file for the proceeding via the Board's TTABVUE system, to the respondent itself, or to the respondent's domestic representative, if one is appointed, even if there is an attorney or other authorized representative of record in the application file after the mark has registered. [Note 19.]

The reason why the institution order is sent to the defendant's attorney or other authorized representative, if any, in an opposition, but is always sent to the defendant itself in a cancellation, is that any appearance or power of attorney (or designation of other authorized representative) of record in an application file at the time of the commencement of an opposition is considered to be effective for purposes of the proceeding, whereas any representation which may be of record in an application file after the mark has registered at the time of the commencement of a cancellation is not considered to be effective for purposes of the proceeding. Typically, a power of attorney in an application appoints the named attorney "to prosecute this application to register, to transact all business in the Patent and Trademark Office in connection therewith, and to receive the certificate of registration." That is, the power extends only up to the issuance and receipt of a registration. As a practical matter, the representation in an application file usually is, of necessity, current and active, whereas often the attorney or other authorized representative of record in a registration file has not taken any action on behalf of the client registrant for some years, may no longer represent registrant, may not know where registrant is currently located or may no longer be in practice, etc. However, if the Board is unable to locate the registrant for purposes of notifying registrant of the filing of the petition for cancellation, and the registration file reflects that an attorney or other authorized representative has appeared therein on registrant's behalf within the last five years or so, the Board will, if necessary, contact the attorney or other authorized representative and ask for information concerning registrant's current address. [Note 20.] In the case of a registered extension of protection to the United States, the Board may contact the designated representative on record with the International Bureau. The Board may also contact petitioner in an attempt to obtain a better address for registrant.

A foreign-domiciled party, whether plaintiff or defendant, is required to obtain U.S. counsel. [Note 21.]

In a cancellation proceeding, if the party identified by the petitioner pursuant to [37 C.F.R. § 2.112\(a\)](#) as the current owner of the registration sought to be cancelled is not the record owner thereof, the Board will send to the alleged current owner a courtesy copy of the institution order, together with instructions and a web link or web address for viewing the petition and any exhibits thereto in the electronic file for the proceeding via the Board's TTABVUE system. If the alleged current owner believes that it is, in fact, the current owner of the registration and wishes to defend the registration against the petition to cancel, it may file a motion, supported by a showing of its current ownership interest in the registration, to be joined or substituted as respondent. 310.02 Defendant’s Copy of Institution Order Returned as Undeliverable

[37 C.F.R. § 2.118](#) *Undelivered Office notices.* *When a notice sent by the Office to any registrant or applicant is returned to the Office undelivered, including notification to the Office of non-delivery in paper or electronic form, additional notice may be given by publication in the Official Gazette.*

If an applicant in an opposition is not represented by an attorney or other authorized representative, and the applicant’s copy of the notice of institution is returned to the Board as undeliverable, including notification of non-delivery in paper or electronic form, the Board will make all reasonable efforts to locate the applicant. If the Board is unable to locate the applicant, additional notice of the proceeding may be given by publication in the Official Gazette. [Note 1.] It should be noted, however, that it is the responsibility of an applicant representing itself to keep the Office informed of its current address.

If, in a cancellation proceeding, the defendant’s copy of the notice of institution is returned to the Board as undeliverable, including notification of non-delivery in paper or electronic form, the Board will make all reasonable efforts to locate the defendant, including inquiring of the plaintiff as to the defendant’s current address and email address(es). If the Board is unable to locate the defendant after reasonable investigation, or if the plaintiff is unable to furnish respondent’s current address and/or email address(es) or notifies the

Board that the defendant is no longer in business, notice of the filing of the petition to cancel will be published in the Official Gazette, pursuant to [37 C.F.R. § 2.118](#). [Note 2.]

When notice of the filing of an opposition or petition to cancel is published in the Official Gazette, the published notice allows the defendant thirty days from the publication date thereof in which to appear in the proceeding. If the defendant fails to appear within the time allowed, default judgment may be entered against it.

For information concerning the procedure followed by the Board in a concurrent use proceeding when a communication sent by the Board to a specified excepted user is returned as undeliverable, see [TBMP § 1106.05](#).

(a) *When a petition for cancellation in proper form (see §§ 2.111 and 2.112) has been filed and the correct fee has been submitted, the Trademark Trial and Appeal Board shall prepare a notice of institution which shall identify the proceeding as a cancellation, number of the proceeding and the registration(s) involved; and shall designate a time, not less than thirty days from the mailing date of the notice, within which an answer must be filed. The notice, which will include a web link or web address to access the electronic proceeding record, constitutes service to the registrant of the petition to cancel.* * * **

As provided by [37 C.F.R. § 2.105\(a\)](#) and [37 C.F.R. § 2.113\(a\)](#), in part, the Board's notice of institution of the filing of an opposition or petition to cancel "shall designate a time, not less than thirty days from the mailing date of the notice, within which an answer must be filed." A defendant is under no obligation to file an answer to the complaint in an opposition or cancellation proceeding until it receives the Board's notice of institution setting the time for filing an answer. [Note 1.]

It is the general practice of the Board to allow the defendant in an opposition or cancellation proceeding 40 days from the mailing date of the notice of institution in which to file its answer.

For information on the time for filing an answer to a counterclaim, see [TBMP § 313.06](#).

The time for filing an answer may be extended or reopened by stipulation of the parties, approved by the Board, or on motion granted by the Board, or by order of the Board. [Note 1.] See [TBMP § 509](#).

The discovery period does not open until after an answer has been filed, and concurrently with the deadline for the mandatory discovery conference.

Please Note: Extensions of time to file an answer are to be filed via ESTTA unless ESTTA is unavailable due to technical problems or when extraordinary circumstances are present. [Note 2.] The ESTTA system will prompt the filer to enter new deadlines in a manner that will generate an appropriate schedule in the proper form.

(1) A paper submission must be printed in at least 11-point type and double-spaced, with text on one side only of each sheet;

(2) A paper submission must be 8 to 8.5 inches (20.3 to 21.6 cm.) wide and 11 to 11.69 inches (27.9 to 29.7 cm.) long, and contain no tabs or other such devices extending beyond the edges of the paper;

Both the submission and its cover must be marked confidential and must identify the case number and the parties. A copy of the submission for public viewing with the confidential portions redacted must be submitted concurrently.

An answer to a notice of opposition or petition to cancel corresponds to an answer to a complaint in a court proceeding. [Note 1.]

The form of an answer must meet the general requirements for submissions to the Board set forth in [37 C.F.R. § 2.126](#). See [TBMP § 106.03](#). If an answer is filed electronically through ESTTA, the text in the electronic submission must be in at least 11-point type and double-spaced and any exhibits pertaining to the electronic submission must be made electronically as an attachment to the answer and be clear and legible. [Note 2.] If the answer is submitted on paper, due to technical problems, or when extraordinary circumstances are present, (see [37 C.F.R. § 2.106\(b\)\(1\)](#) and [37 C.F.R. § 2.114\(b\)\(1\)](#)) the submission, including any exhibits, may not be stapled or bound or have any extruding tabs, and must otherwise comply with the requirements of [37 C.F.R. § 2.126\(b\)](#) in order to permit efficient scanning.

A party may no longer make submissions in CD-ROM format that could otherwise be filed electronically as a digital image through ESTTA. [Note 3.] The Board will not return an inappropriately filed CD-ROM to the party which filed it.

311.01(a) Format for Answer

An answer need not follow a particular format, as long as the answer meets the requirements for the particular type of submission to the Board ([37 C.F.R. § 2.126\(a\)](#) for electronic filings through ESTTA and [37 C.F.R. § 2.106\(b\)\(1\)](#), [37 C.F.R. § 2.145\(b\)\(1\)](#), and [37 C.F.R. § 2.126\(b\)](#) for paper filings (when permitted on Petition)), and otherwise includes the necessary information. The format for an answer is similar to a complaint and should include the following information:

An answer should bear at its top the heading “IN THE UNITED STATES PATENT AND TRADEMARK OFFICE BEFORE THE TRADEMARK TRIAL AND APPEAL BOARD,” followed by the name of the proceeding (e.g., “ABC Corporation v. XYZ Company”), the proceeding number (e.g., “Opposition No. 91156789” or “Cancellation No. 92042567”), and a title describing the nature of the paper (e.g., “ANSWER,” “ANSWER AND COUNTERCLAIM,” etc.). Cf. [TBMP § 309.02\(a\)](#).

Substance of answer: The answer must contain admissions and/or denials of the allegations in the complaint and may include any defenses to those allegations. See [TBMP § 311.02](#).

Signature: The answer must be signed and include a description of the capacity in which the signing individual signs, e.g., attorney for defendant, defendant (if defendant is an individual), partner of defendant (if defendant is a partnership), officer of defendant identified by title (if defendant is a corporation), etc. See [TBMP § 311.01\(b\)](#).

311.01(b) Signature of Answer

[37 C.F.R. § 2.119\(e\)](#) *Every submission filed in an inter partes proceeding, ... must be signed by the party filing it, or by the party’s attorney or other authorized representative, but an unsigned submission will not be refused consideration if a signed copy is submitted to the Office within the time limit set in the notification of this defect by the Office.*

An answer need not be verified, but it must be signed. For answers submitted electronically via ESTTA, electronic signatures pursuant to [37 C.F.R. § 2.193\(c\)](#) are required. The signature may be made by the defendant or by the defendant’s attorney or other authorized representative. [Note 1.] See [TBMP § 106.02](#).

If a defendant signing for itself is an individual, the individual must make the signature. If defendants are joint applicants of the involved mark, each defendant must sign a combined, single answer. [Note 2.] If a defendant signing for itself is a partnership, a partner must make the signature. If a defendant signing for itself is a corporation, association, or similar juristic entity, the signature must be made by an individual who is an officer of defendant and who is authorized to represent it. The signature should be accompanied by a description of the capacity in which the signing individual signs (i.e., as defendant, if defendant is an individual; as counsel for defendant; as a partner of defendant, if defendant is a partnership; as an officer of defendant identified by title, if defendant is a corporation; etc.).

In the case of an electronically filed answer, the Board views the electronic signature on the ESTTA filing form as pertaining to all attachments thereto. [Note 3.] Thus, a defendant's (or its attorney's or other authorized representative's) electronic signature on the ESTTA filing form serves as its signature for the entire answer being filed, even when there is no electronic signature on the answer, submitted as an attachment to the filing form. [Note 4.]

Although an answer must be signed, an unsigned answer filed in paper form, (when permitted, see [37 C.F.R. § 2.106\(b\)\(1\)](#) and [37 C.F.R. § 2.114\(b\)\(1\)](#)) will not be refused consideration if a signed copy is submitted to the Board within the time limit set in the notification of this defect by the Board. [Note 5.] See [TBMP § 106.02](#).

311.01(c) Filing and Service of Answer

[37 C.F.R. § 2.106\(b\)\(1\)](#) *An answer must be filed through ESTTA. In the event that ESTTA is unavailable due to technical problems, or when extraordinary circumstances are present, an answer may be filed in paper form. [37 C.F.R. § 2.114\(b\)\(1\)](#) *An answer must be filed through ESTTA. In the event that ESTTA is unavailable due to technical problems, or when extraordinary circumstances are present, an answer may be filed in*

paper form. An answer filed in paper form must be accompanied by a Petition to the Director under § 2.146, with the fees therefor and the showing required under this paragraph (b).

[37 C.F.R. § 2.119\(a\)](#) *Except for the notice of opposition or the petition to cancel, every submission filed in the Office in inter partes cases, ... must be served upon the other party or parties. Proof of such service must be made before the submission will be considered by the Office.*

One copy of the answer, and any exhibits thereto, must be filed with the Board. An answer must be filed through ESTTA. [Note 1.] In the event that ESTTA is unavailable due to technical problems, or when extraordinary circumstances are present, an answer may be filed in paper form accompanied by a Petition to the Director and the requisite fee. [Note 2.]

Another copy of the answer, with any exhibits thereto, must be served by the defendant upon the attorney for the plaintiff, or on the plaintiff if there is no attorney. [Note 3.] The answer must bear proof (e.g., a certificate of service, consisting of a statement signed by the filing party, or by its attorney or other authorized representative, clearly stating the date and manner in which service was made) that such service has been made before the submission will be considered by the Board. [Note 4.] See [TBMP § 113](#) regarding certificates of service. The service of an answer filed with the Board must be made by email, unless otherwise stipulated. [Note 5.] A party who attempts service by email but is unsuccessful due to technical problems or extraordinary circumstances, may effect service by other means. [Note 6.] Service by other means should be accompanied by a written explanation or amended certificate of service. [Note 7.]

For information on the time for filing an answer, see [TBMP § 310.03](#).

Please Note: The notice automatically generated by ESTTA upon filing the answer does not constitute service and does not relieve a party of its obligation to serve a copy of the answer under the Trademark Rules; the filing notice and actual service of the submission are independent of one another. [Note 8.]

For answers filed on paper, the pendency of the Petition to the Director to file on paper will not act as a stay of proceedings, see [37 C.F.R. § 2.146\(g\)](#), and parties should adhere to the trial schedule. [Note 9.]

311.02 Substance of Answer

[37 C.F.R. § 2.106\(b\)\(2\)](#) *An answer shall state in short and plain terms the applicant's defenses to each claim asserted and shall admit or deny the averments upon which the opposer relies. If the applicant is without knowledge or information sufficient to form a belief as to the truth of an averment, applicant shall so state and this will have the effect of a denial. Denials may take any of the forms specified in Rule 8(b) of the Federal Rules of Civil Procedure. An answer may contain any defense, including the affirmative defenses of unclean hands, laches, estoppel, acquiescence, fraud, mistake, prior judgment, or any other matter constituting an avoidance or affirmative defense. When pleading special matters, the Federal Rules of Civil Procedure shall be followed. A reply to an affirmative defense shall not be filed. When a defense attacks the validity of a registration pleaded in the opposition, paragraph (b)(2) of this section shall govern. A pleaded registration is a registration identified by number by the party in the position of plaintiff in an original notice of opposition or in any amendment thereto made under Rule 15 of the Federal Rules of Civil Procedure.*

[37 C.F.R. § 2.106\(b\)\(3\)](#)

(i) *A defense attacking the validity of any one or more of the registrations pleaded in the opposition shall be a compulsory counterclaim if grounds for such counterclaim exist at the time when the answer is filed. If grounds for a counterclaim are known to the applicant when the answer to the opposition is filed, the counterclaim shall be pleaded with or as part of the answer. If grounds for a counterclaim are learned during the course of the opposition proceeding, the counterclaim shall be pleaded promptly after the grounds therefor are learned. A counterclaim need not be filed if the claim is the subject of another proceeding between the same parties or anyone in privity therewith; but the applicant must promptly inform the Board, in the context of the opposition proceeding, of the filing of the other proceeding.*

(ii) *An attack on the validity of a registration pleaded by an opposer will not be heard unless a counterclaim or separate petition is filed to seek the cancellation of such registration.*

[37 C.F.R. § 2.114\(b\)\(2\)](#) *An answer shall state in short and plain terms the respondent's defenses to each claim asserted and shall admit or deny the averments upon which the petitioner relies. If the respondent is without knowledge or information sufficient to form a belief as to the truth of an averment, respondent shall so state and this will have the effect of a denial. Denials may take any of the forms specified in Rule 8(b) of the Federal Rules of Civil Procedure. An answer may contain any defense, including the affirmative defenses of unclean hands, laches, estoppel, acquiescence, fraud, mistake, prior judgment, or any other matter constituting an avoidance or affirmative defense. When pleading special matters, the Federal Rules of Civil Procedure shall be followed. A reply to an affirmative defense shall not be filed. When a defense attacks the validity of a registration pleaded in the petition, paragraph (b)(3) of this section shall govern. A pleaded registration is a registration identified by number by the party in position of plaintiff in an original petition*

for cancellation, or a counterclaim petition for cancellation, in any amendment thereto made under Rule 15 of the Federal Rules of Civil Procedure.

37 C.F.R. § 2.114(b)(3)

(i) *A defense attacking the validity of any one or more of the registrations pleaded in the petition shall be a compulsory counterclaim if grounds for such counterclaim exist at the time when the answer is filed. If grounds for a counterclaim are known to respondent when the answer to the petition is filed, the counterclaim shall be pleaded with or as part of the answer. If grounds for a counterclaim are learned during the course of the cancellation proceeding, the counterclaim shall be pleaded promptly after the grounds therefor are learned. A counterclaim need not be filed if the claim is the subject of another proceeding between the same parties or anyone in privity therewith; but the party in position of respondent and counterclaim plaintiff must promptly inform the Board, in the context of the primary cancellation proceeding, of the filing of the other proceeding.*

(ii) *An attack on the validity of a registration pleaded by a petitioner for cancellation will not be heard unless a counterclaim or separate petition is filed to seek the cancellation of such registration.*

37 C.F.R. § 2.133(d) *A plaintiff's pleaded registration will not be restricted in the absence of a counterclaim to cancel the registration in whole or in part, except that a counterclaim need not be filed if the registration is the subject of another proceeding between the same parties or anyone in privity therewith.*

An answer is a formal written response to the plaintiff's notice of opposition or petition to cancel in which the defendant responds to all of the allegations in the complaint and sets forth any defenses to all or part of plaintiff's claims. [Note 1.] Any attack on the validity of a registration pleaded by plaintiff must be pleaded as a counterclaim, unless a separate petition to cancel has been filed to seek cancellation of the registration. [Note 2.] For specific information on answering the allegations in a complaint and asserting any defenses see TBMP § 311.02(a) and TBMP § 311.02(b).

NOTES:

1. See 37 C.F.R. § 2.106(b)(2) and 37 C.F.R. § 2.114(b)(2).
2. See 37 C.F.R. § 2.106(b)(3)(i); 37 C.F.R. § 2.106(b)(3)(ii); 37 C.F.R. § 2.114(b)(3)(i); and 37 C.F.R. § 2.114(b)(3)(ii).

311.02(a) Admissions and Denials

The defendant should not argue the merits of the allegations in a complaint but rather should state, as to each of the allegations contained in the complaint, that the allegation is either admitted or denied. [Note 1.] If the defendant does not have sufficient information to admit or deny an allegation, the defendant may so state, and this statement will have the effect of a denial as to that allegation. If the complaint consists of numbered paragraphs setting forth the basis of plaintiff's claim of damage, the defendant's admissions or denials should be made in numbered paragraphs corresponding to the numbered paragraphs in the complaint.

A denial of an allegation should fairly meet the substance of the allegation denied, and may take any of the forms described in Fed. R. Civ. P. 8(b). [Note 2.] An answer that fails to deny a portion of an allegation may be deemed admitted as to that portion. See Fed. R. Civ. P. 8(b)(6). Thus, if a defendant intends in good faith to deny only a part or a qualification of an allegation, the defendant should admit so much of the allegation as is true and material and should deny only the remainder. If a defendant intends in good faith to controvert all of the allegations contained in a complaint, including the jurisdictional grounds, the defendant

may do so by general denial, subject to the obligations set forth in Fed. R. Civ. P. 11 (for a discussion of Fed. R. Civ. P. 11 in relation to pleadings, *see* [TBMP § 318](#)). If a defendant does not intend in good faith to controvert all of the allegations contained in a complaint, the defendant may make its denials as specific denials of designated allegations or paragraphs, or may generally deny all the allegations except those designated allegations or paragraphs which are expressly admitted. [Note 3.]

In the absence of a general denial of the allegations in a complaint, admissions or denials should be made in numbered paragraphs corresponding to the numbered paragraphs in the complaint.

311.02(b) Affirmative Defenses

311.02(b)(1) In General

An answer may also include a short and plain statement of any defenses, including affirmative defenses that the defendant may have to the claim or claims asserted by the plaintiff. Affirmative defenses may include unclean hands, laches, estoppel, acquiescence, fraud, mistake, prior registration (*Morehouse*) defense, prior judgment, or any other matter constituting an avoidance or affirmative defense. [Note 1.] Such defenses may also include a pleading that defendant is at least entitled to a registration with a particular restriction (described in the pleading in sufficient detail to give plaintiff fair notice of the basis for the defense) [Note 2], except that geographic restrictions will be considered and determined by the Board only in the context of a concurrent use registration proceeding. [Note 3.] *See* [TBMP Chapter 1100](#). Cf. [TBMP § 514](#). A request by defendant to restrict its identification of goods or services under Trademark Act § 18, [15 U.S.C. § 1068](#), must be made by way of motion under [37 C.F.R. § 2.133](#) although the ground may also be raised as an affirmative defense in the answer (as originally filed, as amended or as deemed amended), by way of an allegation that sets forth the proposed restriction in detail and alleges that the restriction will avoid a likelihood of confusion and that plaintiff is not using the mark on the products or services being excluded from the registration. [Note 4.] *See* [TBMP § 309.03\(b\)](#).

If the defendant offers to amend its identification of goods or services in its originally filed answer, because the Board does not typically review the answer at the pleading stage, the defendant should also file a motion with the Board in order to bring the matter to the Board's attention for consideration. Pleading a restriction in the answer as originally filed, however, serves the purpose of putting plaintiff on early notice of the proposed restriction. Affirmative defenses may be deemed waived if not pursued at trial or argued in briefs. [Note 5.]

Equitable defenses may not be available against certain grounds for opposition or cancellation or under certain circumstances. For example, the availability of laches and acquiescence is severely limited in opposition and cancellation proceedings. In Board opposition proceedings, these defenses start to run from the time of knowledge of the application for registration (that is, from the time the mark is published for opposition), not from the time of knowledge of use. In Board cancellation proceedings, these defenses for a Principal Register registration start to run from the date of registration, in the absence of actual knowledge before the close of the opposition period, but for a Supplemental Register registration, the defenses start to run from the time of knowledge that the registration issued. [Note 6.] Moreover, for public policy reasons, the defenses of laches and acquiescence may not be available against claims such as genericness, descriptiveness, fraud, abandonment and functionality, and further, may not apply in a case of likelihood of confusion if it is determined in the case that confusion is inevitable. [Note 7.]

Similarly, the “prior registration” or *Morehouse* defense, an equitable defense in the nature of laches or acquiescence, [Note 8], is not available in all cases. [Note 9.] In addition, the *Morehouse* defense will not be applied where defendant’s prior registration is on the Supplemental Register, or if the prior registration did not issue until after commencement of the proceeding in which it is asserted as a basis for this defense, or if plaintiff has petitioned to cancel the prior registration. [Note 10.]

Please Note: The “fair use” defense of Trademark Act §33(b)(4), [15 U.S.C. § 1115\(b\)\(4\)](#), is a defense available to a defendant in a federal action charged with infringement of a registered mark, [Note 11], and has no applicability in inter partes proceedings before the Board, which involve only the issue of registrability of a mark. [Note 12.] Further, the “noncommercial use” exception of Trademark Act § 43(c)(3)(C), [15 U.S.C. § 1125\(c\)\(3\)\(C\)](#), does not apply in a Board proceeding involving a mark sought to be registered as a trademark or service mark, because an applicant seeking registration is necessarily relying on a claim of use of its mark, or intended use of its mark, in commerce. [Note 13.]

The elements of a defense should be stated simply, concisely, and directly. [Note 14.] However, the pleading should include enough detail to give the plaintiff fair notice of the basis for the defense. [Note 15.] When one of the special matters listed in Fed. R. Civ. P. 9 (including, inter alia, capacity, fraud, and judgment) is pleaded, the provisions of Fed. R. Civ. P. 9 governing the pleading of that special matter should be followed. [Note 16.]

A defendant may state as many separate defenses as it has, regardless of consistency; a defendant may also set forth two or more statements of a defense alternately or hypothetically, either in one count or in separate counts. [Note 17.] For example, an applicant whose application for registration has been opposed under Trademark Act §2(d), [15 U.S.C. § 1052\(d\)](#), on the ground of opposer’s alleged prior use of its mark, coupled with an allegation of likelihood of confusion, might deny that there is any likelihood of confusion with respect to its mark and goods as set forth in the application. At the same time, the applicant might plead alternatively that it actually uses its mark only on a specific type (identified in the pleading) of the goods covered by the broad identification in its application; that there is no likelihood of confusion with respect to applicant’s actual goods; and that even if the Board ultimately finds that opposer is entitled to judgment with respect to applicant’s goods as broadly identified, applicant would be entitled to a registration of its mark with a restricted identification reflecting the actual nature of its goods. [Note 18.] See [TBMP § 309.03\(d\)](#) and [TBMP § 514](#).

When two or more statements are made in the alternative, the sufficiency of each is determined independently; the fact that one of them may be insufficient does not mean that the other(s) is (are) also insufficient. [Note 19.]

Evidentiary matters (such as, for example, lists of third-party registrations on which defendant intends to rely) should not be pleaded in an answer. They are matters for proof, not for pleading. [Note 20.]

The Board will not entertain a defense that attacks the validity of a registration pleaded by a plaintiff unless the defendant timely files a counterclaim or a separate petition to cancel the registration. [Note 21.] See [TBMP § 313](#). Moreover, a defense which seeks to restrict a plaintiff's pleaded registration as, for example, by limiting the goods or services therein, or by deleting some of the goods or services, will not be entertained in the absence of a timely counterclaim, or separate petition, to cancel the registration in whole or in part. [Note 22.] See also [TBMP § 309.03\(d\)](#) (regarding claims for partial cancellation under Trademark Act § 18, [15 U.S.C. § 1068](#)) and [TBMP § 313](#) (regarding counterclaims). Geographic restrictions will be considered and determined by the Board only within the context of a concurrent use proceeding. [Note 23.] For further information on concurrent use proceedings, see [TBMP Chapter 1100](#).

Although [37 C.F.R. § 2.106\(b\)\(3\)\(ii\)](#) and [37 C.F.R. § 2.114\(b\)\(3\)\(ii\)](#) specifically permit a defense attacking the validity of a plaintiff's pleaded registration to be raised either as a counterclaim or as a separate petition to cancel, the better practice is to raise the defense as a counterclaim. [Note 24.] If the defense is raised as a separate petition to cancel, however, the petition itself and any cover letter filed therewith should include a reference to the original proceeding. [Note 25.] See also [TBMP § 313](#).

When a defense is raised by way of a counterclaim, it should not also be pleaded as an affirmative defense, because the pleading of it as an affirmative defense is unnecessary and redundant. [Note 26.]

For proceedings commenced between October 6, 2006 and October 5, 2012 that assert a claim under Trademark Act 43(c)(6)(B), [15 U.S.C. § 1125\(c\)\(6\)\(B\)](#), a defendant may raise as an affirmative defense to a dilution claim the ownership of a valid registration as a complete bar to the federal claim of dilution. [Note 27.] On October 5, 2012, the Trademark Act was amended to correct the clerical error in the organization of the provisions relating to remedies for dilution. The federal registration defense is no longer available to federal dilution claims. However, the changes are not retroactive.

Except as provided in Fed. R. Civ. 311.02(d) Other Affirmative Pleadings - Amplifying Denials

An answer may include affirmative assertions that, although they may not rise to the level of an affirmative defense, nevertheless state the reasons for, and thus amplify, the defendant's denial of one or more of the allegations in the complaint. These amplifications of denials, whether referred to as "affirmative defenses," "avoidances," "affirmative pleadings," or "arguments," are permitted by the Board because they serve to give the plaintiff fuller notice of the position which the defendant plans to take in defense of its right to registration. [Note 1.]

311.03 Reply to Answer Should Not be Filed

Although [37 C.F.R. § 2.106\(b\)](#) and [37 C.F.R. § 2.114\(b\)](#) require that an answer to a counterclaim be filed, within the time designated by the Board, they specifically provide that a reply to an affirmative defense need not be filed. [Note 1.] Similarly, Fed. R. Civ. P. 7(a) provides that there shall be a complaint and an answer and a reply to a counterclaim denominated as such; that certain other specified pleadings, not relevant to Board proceedings (and not including a reply to an answer), shall be allowed; but that "[o]nly these pleadings are allowed," except that the court may order a reply to an answer.

Thus, while a plaintiff must file an answer to a counterclaim, a reply to an answer need not, and should not, be filed.

312 Default

312.01 In General

[37 C.F.R. § 2.106\(a\)](#) *If no answer is filed within the time initially set, or as may later be reset by the Board, the opposition may be decided as in case of default. The failure to file a timely answer tolls all deadlines, including the discovery conference, until the issue of default is resolved.*

[37 C.F.R. § 2.114\(a\)](#) *If no answer is filed within the time initially set, or as may later be reset by the Board, the petition may be decided as in case of default. The failure to file a timely answer tolls all deadlines, including the discovery conference, until the issue of default is resolved.*

If a defendant fails to file an answer to a complaint during the time allowed therefor, the Board may issue a notice of default. The notice states that neither an answer nor any extension of time to answer has been filed; that notice of default under Fed. R. Civ. P. 55(a) is entered; and that defendant is allowed 30 days from the mailing date of the notice in which to show cause why default judgment should not be entered against it. If the defendant fails to file a response to the notice, or files a response that does not show good cause, default judgment may be entered against it. [Note 1.] Cf. [TBMP § 508](#).

If the defendant fails to file a response to the notice, or files a response which does not show good cause in a case where the plaintiff is seeking to partially cancel a registration or partially oppose an application under Trademark Act § 18, [15 U.S.C. § 1068](#), default judgment will be entered only to the extent that the restriction requested by plaintiff will be entered. [Note 2.]

The issue of whether default judgment should be entered against a defendant for failure to file a timely answer to the complaint may also be raised by means other than the Board's issuance of a notice of default. For example, the plaintiff, realizing that the defendant is in default, may file a motion for default judgment (in which case the motion may serve as a substitute for the Board's issuance of a notice of default); or the defendant itself, realizing that it is in default, may file a motion asking that its late-filed answer be accepted. [Note 3.] Cf. [TBMP § 508](#). However the issue is raised, the standard for determining whether default judgment should be entered against the defendant for its failure to file a timely answer to the complaint is the Fed. R. Civ. P. 55(c) standard, that is, whether the defendant has shown good cause why default judgment should not be entered against it. [Note 4.]

When a defendant who has not yet filed an answer to a complaint files a response to a notice of default, or to a motion for default judgment, the late answer normally should be submitted with the response. However, in some cases it may not be necessary for the defendant to submit its answer with the response. Examples include cases where the defendant has not received its copy of the complaint, and its copy of the notification letter sent to it by the Board, or where the parties have settled the case or agreed to an extension of the defendant's time to file an answer.

In the case where a notice of default has not yet issued and a defendant files a late answer, a party is technically in default. [Note 5.] If the parties have continued to litigate after a late-filed answer, it will generally be viewed as a waiver of the technical default. [Note 6.]

Please Note: In instances where the defendant is in default, the parties' obligations to conference and, subsequently, to make initial disclosures are stayed until the issue of default is resolved. [Note 7.] If default is set aside, the Board will reset the deadline for the discovery conference as well as all subsequent dates.

[Note 8.] For more information regarding the parties' obligations with respect to initial disclosures and the discovery conference, see [TBMP § 401.01](#), [TBMP § 401.02](#), [TBMP § 408.01\(a\)](#), and [TBMP § 408.01\(b\)](#).

312.02 Setting Aside Notice of Default

If a defendant who has failed to file a timely answer to the complaint responds to a notice of default by filing a satisfactory showing of good cause why default judgment should not be entered against it, the Board will set aside the notice of default. [Note 1.] Similarly, if the defendant files such a showing in response to a motion by the plaintiff for default judgment, or in support of its own motion asking that its late-filed answer be accepted, default judgment will not be entered against it.

Good cause why default judgment should not be entered against a defendant, for failure to file a timely answer to the complaint, is usually found when the defendant shows that (1) the delay in filing an answer was not the result of willful conduct or gross neglect on the part of the defendant, (2) the plaintiff will not be substantially prejudiced by the delay, and (3) the defendant has a meritorious defense to the action. [Note 2.] The showing of a meritorious defense does not require an evaluation of the merits of the case. All that is required is a plausible response to the allegations in the complaint. [Note 3.]

The determination of whether default judgment should be entered against a party lies within the sound discretion of the Board. [Note 4.] In exercising that discretion, the Board must be mindful of the fact that it is the policy of the law to decide cases on their merits. Accordingly, the Board is very reluctant to enter a default judgment for failure to file a timely answer, and tends to resolve any doubt on the matter in favor of the defendant. Nevertheless, entry of default judgment may be necessary in some cases. [Note 5.]

Eartha's Inc.*, 60 USPQ2d 1222, 1224 (TTAB 2000) (although no specific prejudice to opposer, and while meritorious defense was shown, Board found applicant's conduct amounted to gross neglect and granted motion for default judgment where applicant filed its answer six months late, viewing the notice of opposition as "incomplete," instead of filing appropriate motion or taking other appropriate action). 312.03 Setting Aside Default Judgment

The standard for setting aside default judgment is stricter than the standard for setting aside a notice of default.

A notice of default may be set aside on a showing of good cause. [Note 1.] See [TBMP § 312.02](#). However, once default judgment has actually been entered against a defendant pursuant to Fed. R. Civ. P. 55(b), the judgment may be set aside only in accordance with Fed. R. Civ. P. 60(b), which governs motions for relief from final judgment. The stricter standard reflects public policy favoring finality of judgments and termination of litigation. [Note 2.]

The factors considered in determining a motion to set aside notice of default are also considered in determining a motion for relief from a default judgment entered pursuant to Fed. R. Civ. P. 55. [Note 3.] Among the factors to be considered in determining a motion to vacate a default judgment for failure to answer the complaint are (1) whether the plaintiff will be prejudiced, (2) whether the default was willful, and (3) whether the defendant has a meritorious defense to the action. [Note 4.]

However, the showing submitted by the defendant is likely to be viewed with less leniency when defendant seeks relief from default judgment than when defendant seeks to show cause why default judgment should not be entered against it. [Note 5.]

Nevertheless, because default judgments for failure to timely answer the complaint are not favored by the law, a motion under Fed. R. Civ. P. 55(c) or 60(b) seeking relief from such a judgment is generally treated with more liberality by the Board than are other motions under Fed. R. Civ. P. 60(b) for relief from other types of judgments such as default judgments entered against plaintiffs for failure to prosecute the case. [Note 6.]

313 Counterclaims

313.01 In General

[37 C.F.R. § 2.106\(b\)\(3\)](#)

(i) *A defense attacking the validity of any one or more of the registrations pleaded in the opposition shall be a compulsory counterclaim if grounds for such counterclaim exist at the time when the answer is filed. If grounds for a counterclaim are known to the applicant when the answer to the opposition is filed, the counterclaim shall be pleaded with or as part of the answer. If grounds for a counterclaim are learned during the course of the opposition proceeding, the counterclaim shall be pleaded promptly after the grounds therefor are learned. A counterclaim need not be filed if the claim is the subject of another proceeding between the same parties or anyone in privity therewith; but the applicant must promptly inform the Board, in the context of the opposition proceeding, of the filing of the other proceeding.*

(ii) *An attack on the validity of a registration pleaded by an opposer will not be heard unless a counterclaim or separate petition is filed to seek the cancellation of such registration.*

(iii) *The provisions of §§ 2.111 through 2.115, inclusive, shall be applicable to counterclaims. A time, not less than thirty days, will be designated by the Board within which an answer to the counterclaim must be filed.*

(iv) *The times for pleading, discovery, testimony, briefs or oral argument may be reset or extended when necessary, upon motion by a party, or as the Board may deem necessary, to enable a party fully to present or meet a counterclaim or separate petition for cancellation of a registration.*

[37 C.F.R. § 2.114\(b\)\(3\)](#)

(i) *A defense attacking the validity of any one or more of the registrations pleaded in the petition shall be a compulsory counterclaim if grounds for such counterclaim exist at the time when the answer is filed. If grounds for a counterclaim are known to respondent when the answer to the petition is filed, the counterclaim shall be pleaded with or as part of the answer. If grounds for a counterclaim are learned during the course of the cancellation proceeding, the counterclaim shall be pleaded promptly after the grounds therefor are learned. A counterclaim need not be filed if the claim is the subject of another proceeding between the same parties or anyone in privity therewith; but the party in position of respondent and counterclaim plaintiff must promptly inform the Board, in the context of the primary cancellation proceeding, of the filing of the other proceeding.*

(ii) *An attack on the validity of a registration pleaded by a petitioner for cancellation will not be heard unless a counterclaim or separate petition is filed to seek the cancellation of such registration.*

(iii) *The provisions of §§ 2.111 through 2.115, inclusive, shall be applicable to counterclaims. A time, not less than thirty days, will be designated by the Board within which an answer to the counterclaim must be filed. Such response period may be reset as necessary by the Board, for a time period to be determined by the Board.*

(iv) *The times for pleading, discovery, testimony, briefs, or oral argument may be reset or extended when necessary, upon motion by a party, or as the Board may deem necessary, to enable a party fully to present or meet a counterclaim or separate petition for cancellation of a registration.*

The Board cannot entertain an attack upon the validity of a registration pleaded by a plaintiff unless the defendant timely files a counterclaim or a separate petition to cancel the registration. [Note 1.]

Although [37 C.F.R. § 2.106\(b\)\(3\)\(ii\)](#) and [37 C.F.R. § 2.114\(b\)\(3\)\(ii\)](#) specifically permit a defense attacking the validity of a plaintiff's pleaded registration to be raised either as a counterclaim or as a separate petition to cancel, the better practice is to raise the defense as a counterclaim. [Note 2.] If the defense is raised as a separate petition to cancel, however, the petition itself and any cover letter should include a reference to the original proceeding. Further, a defendant that fails to timely plead a compulsory counterclaim cannot avoid the effect of its failure by thereafter asserting the counterclaim grounds in a separate petition to cancel. [Note 3.] See also [TBMP § 313.04](#).

The only type of counterclaim that may be entertained by the Board is a counterclaim for cancellation of a registration owned by an adverse party. [Note 4.]

As provided in Trademark Act § 18, [15 U.S.C. § 1068](#), a counterclaim may seek to cancel a registration in whole or in part, or to restrict or rectify with respect to the register the registration in some manner. For example, the counterclaimant may seek to cancel the registration only as to some of the listed goods or services, or only to the extent of restricting the goods or services in a particular manner (described in sufficient detail to give the respondent fair notice thereof). [Note 5.] See [TBMP § 309.03\(d\)](#). In order to restrict or rectify the register, a counterclaimant may seek to have a description or a disclaimer entered. [Note 6.] See [TBMP § 309.03\(d\)](#). However, geographic limitations will be considered and determined by the Board only within the context of a concurrent use registration proceeding. [Note 7.] See [TBMP Chapter 1100](#). A counterclaim to partially cancel a registration by deleting some of the goods or services therein, or by restricting the manner of use of the goods or services therein, or to restrict or rectify the register as to the registration in order to avoid a likelihood of confusion, is in the nature of an equitable remedy and does not

constitute an attack on the validity of a registration or have to be tied to a properly pleaded ground for opposition or cancellation. [Note 8.] See [TBMP § 309.03\(d\)](#). The counterclaimant must allege that the partial cancellation will avoid a likelihood of confusion, i.e., that it will be commercially significant, and that the registrant does not use the mark on the goods or services for which deletion is being sought. [Note 9.] On the other hand, a counterclaim to delete goods or services from the registration on the ground that registrant does not use the mark on those goods or services and has no intent to resume use, without regard to likelihood of confusion, is a straightforward abandonment claim and not a claim under Trademark Act § 18, [15 U.S.C. § 1068](#) and in such case, counterclaimant need not allege that a likelihood of confusion will be avoided through the restriction. [Note 10.]

A counterclaim is the legal equivalent of a petition to cancel. Thus, the provisions of [37 C.F.R. § 2.111 - 37 C.F.R. § 2.115](#), governing petitions to cancel, are applicable to counterclaims, including filing the counterclaim electronically through ESTTA. [Note 11.] Because it is not an initial pleading commencing the proceeding, in the rare instance that a counterclaim is filed in paper, accompanied by a showing that ESTTA is unavailable due to technical problems, or when extraordinary circumstances are present, a Petition to the Director is not required.

In instances where a counterclaim has been filed, the Board will set the time for answer thereto, as well as reset the deadline for the discovery conference, for making initial disclosures, and all subsequent dates. [Note 12.] See [TBMP § 401.01 - TBMP § 401.03](#). When necessary to enable a party fully to present or meet a counterclaim or separate petition to cancel a registration, the times for pleading, discovery (including conferencing and initial and expert disclosure dates), pretrial disclosures, testimony, briefs and/or oral argument will be reset or extended. A party that believes that such a resetting or extension is necessary should file a motion therefor with the Board; however, the Board may reset such deadlines as it may deem necessary. [Note 13.] See also [TBMP § 509](#), regarding motions to extend.

[37 C.F.R. § 2.111\(d\)](#) *The petition for cancellation must be accompanied by the required fee for each party joined as petitioner for each class in the registration(s) for which cancellation is sought (see § 2.6).*

* * * *

A counterclaim for cancellation of a plaintiff’s registration is the legal equivalent of a separate petition to cancel. The required filing fee must be paid when a petition to cancel takes the form of a counterclaim, just as it must be paid when a petition to cancel takes the form of a separate proceeding. [Note 1.] That is, the required fee (see [37 C.F.R. § 2.6](#)) must be paid for each party joined as counterclaimant for each class sought to be cancelled in each registration against which the counterclaim is filed. [Note 2.] Cf. [TBMP§ 308.02](#).

A counterclaim must be filed via ESTTA, which requires the petition to cancel to include a fee sufficient to pay in full for each named petitioner and for each class sought to be cancelled in the registration, as specified in the petition. [Note 3.] In the rare instances that a counterclaim petition to cancel is submitted in paper form, if no fee is submitted with the counterclaim, or the fee is insufficient to pay in full for each named petitioner and for each class in the registrations for which cancellation is sought, the counterclaim may not be instituted. 313.03 Form and Substance of Counterclaim; Service of Counterclaim

[37 C.F.R. § 2.119](#) *Service and signing.*

(a) *Except for the notice of opposition or the petition to cancel, every submission filed in the Office in inter partes cases, ... must be served upon the other party or parties.*

* * * *

A counterclaim should be generally similar in form to a petition to cancel (for information concerning the form of a petition to cancel, see [TBMP § 309.02](#)). However, a counterclaim filed as part of the counterclaimant's answer to the adverse party's complaint necessarily differs somewhat in format from a separate petition to cancel.

A counterclaimant must serve a copy of the counterclaim (with any exhibits thereto) on every other party to the proceeding, and must make proof of such service before the Board will consider the counterclaim. [Note 1.]

The pleading of the substance of a counterclaim may also differ somewhat from the pleading of the substance of a separate petition to cancel. For example, a counterclaimant need not plead its standing to assert a counterclaim to cancel a registration pleaded by the plaintiff in its complaint. The counterclaimant's standing in such a case is inherent in its position as defendant to the complaint. [Note 2.]

In some instances, the grounds for cancellation available in the case of a counterclaim differ from those available in the case of a petition to cancel that are not in the nature of a counterclaim. Trademark Act § 14, [15 U.S.C. § 1064](#), limits, after a five-year period, the grounds upon which most Principal Register registrations may be cancelled. If the plaintiff in a proceeding before the Board relies on such a registration and the five-year period has not yet expired when the plaintiff's complaint is filed, the limitation does not apply to a counterclaim filed by the defendant therein for cancellation of that registration. This is so even if the five-year period has expired by the time the counterclaim is filed. In such cases, the filing of the plaintiff's complaint tolls, during the pendency of the proceeding, the running of the five-year period for purposes of determining the grounds on which a counterclaim may be based. [Note 3.]

The counterclaim plaintiff must identify the particular registrations for which it seeks a cancellation or restriction where more than one registration is asserted. If the petition to cancel does not identify the registration(s) when filing in ESTTA, the Board may look to the ESTTA cover sheet to determine the registration(s) sought to be cancelled. [Note 4.]

313.04 Compulsory Counterclaims

[37 C.F.R. § 2.106\(b\)\(3\)\(i\)](#) A defense attacking the validity of any one or more of the registrations pleaded in the opposition shall be a compulsory counterclaim if grounds for such counterclaim exist at the time when the answer is filed. If grounds for a counterclaim are known to the applicant when the answer to the opposition is filed, the counterclaim shall be pleaded with or as part of the answer. If grounds for a counterclaim are learned during the course of the opposition proceeding, the counterclaim shall be pleaded promptly after the grounds therefor are learned. A counterclaim need not be filed if the claim is the subject of another

proceeding between the same parties or anyone in privity therewith; but the applicant must promptly inform the Board, in the context of the opposition proceeding, of the filing of the other proceeding.

37 C.F.R. § 2.114(b)(3)(i) *A defense attacking the validity of any one or more of the registrations pleaded in the petition shall be a compulsory counterclaim if grounds for such counterclaim exist at the time when the answer is filed. If grounds for a counterclaim are known to respondent when the answer to the petition is filed, the counterclaim shall be pleaded with or as part of the answer. If grounds for a counterclaim are learned during the course of the cancellation proceeding, the counterclaim shall be pleaded promptly after the grounds therefor are learned. A counterclaim need not be filed if the claim is the subject of another proceeding between the same parties or anyone in privity therewith; but the party in position of respondent and counterclaim plaintiff must promptly inform the Board, in the context of the primary cancellation proceeding, of the filing of the other proceeding.*

Counterclaims for cancellation of pleaded registrations in Board proceedings are governed by 37 C.F.R. § 2.106(b)(3)(i) and 37 C.F.R. § 2.114(b)(3)(i). [Note 1.] If the defendant knows the grounds for a counterclaim to cancel a pleaded registration when the answer is filed, the counterclaim must be pleaded with or as part of the answer. [Note 2.] If grounds are learned during the course of the proceeding, through discovery or otherwise, the counterclaim must be pleaded promptly after the grounds therefor are learned. [Note 3.] The counterclaim must be filed in ESTTA. [Note 4.]

A defendant who fails to timely plead a compulsory counterclaim cannot avoid the effect of its failure by thereafter asserting the counterclaim grounds in a separate petition to cancel. In such a case, the separate petition will be dismissed, on motion, on the ground that the substance of the petition constitutes a compulsory counterclaim in another proceeding, and that it was not timely asserted. [Note 5.]

If a defendant confronted with a motion for summary judgment knows of grounds for a counterclaim that might serve to defeat the motion, the counterclaim should be asserted in response to the motion, even if no answer to the complaint has yet been filed. [Note 6.]

A plaintiff which fails to plead a registration, and later seeks to rely thereon, will not be heard to contend, if defendant then moves to amend its answer to assert a counterclaim to cancel the registration, or then files a separate petition to cancel the registration, that the counterclaim or separate petition is untimely because it was not pleaded when defendant filed its answer. A plaintiff may not, by failing to plead a registration on which it intends to rely, deprive a defendant of its right to petition to cancel the registration, either by counterclaim or by separate petition, at such time as opposer seeks to rely upon the registration. Even if the defendant knows grounds for cancellation of a plaintiff's unpleaded registration when the defendant files its answer, the defendant is under no compulsion to seek to cancel the registration unless and until the plaintiff pleads the registration. [Note 7.]

If the parties or their privies are involved in another proceeding involving the same claims that could be the subject of a counterclaim in the opposition or the primary cancellation proceeding, the Board must be promptly notified in the opposition or primary cancellation proceeding. [Note 8.]

313.05 Permissive Counterclaims

A party may counterclaim to cancel a registration that is owned, but not pleaded, by an adverse party. A counterclaim to cancel a registration owned, but not pleaded, by an adverse party is a permissive counterclaim. [Note 1.] The filing date of the counterclaim is the date of electronic receipt in the Office of the counterclaim with the required fee. [Note 2.] A counterclaim must be filed through ESTTA. [Note 3.] In the rare instance that a paper filing is permitted by the Director, on petition, the filing date of a counterclaim will be determined in accordance with [37 C.F.R. § 2.195](#) – [37 C.F.R. § 2.198](#). [Note 4.] A counterclaimant must serve a copy of the counterclaim (with any exhibits thereto) on every other party to the proceeding, and must make proof of such service before the Board will consider the counterclaim. 313.06 Answer to Counterclaim

[37 C.F.R. § 2.106\(b\)\(3\)\(iii\)](#) *The provisions of §§ 2.111 through 2.115, inclusive, shall be applicable to counterclaims. A time, not less than thirty days, will be designated by the Board within which an answer to the counterclaim must be filed.*

[37 C.F.R. § 2.106\(b\)\(3\)\(iv\)](#) *The times for pleading, discovery, testimony, briefs or oral argument may be reset or extended when necessary, upon motion by a party, or as the Board may deem necessary, to enable a party fully to present or meet a counterclaim or separate petition for cancellation of a registration.*

[37 C.F.R. § 2.106\(a\)](#) *If no answer is filed within the time initially set, or as may later be reset by the Board, the opposition may be decided as in case of default.*

[37 C.F.R. § 2.114\(b\)\(3\)\(iii\)](#) *The provisions of §§ 2.111 through 2.115, inclusive, shall be applicable to counterclaims. A time, not less than thirty days, will be designated by the Board within which an answer to the counterclaim must be filed. Such response period may be reset as necessary by the Board, for a time period to be determined by the Board.*

[37 C.F.R. § 2.114\(b\)\(3\)\(iv\)](#) *The times for pleading, discovery, testimony, briefs, or oral argument may be reset or extended when necessary, upon motion by a party, or as the Board may deem necessary, to enable a party fully to present or meet a counterclaim or separate petition for cancellation of a registration.*

[37 C.F.R. § 2.114\(a\)](#) *If no answer is filed within the time initially set, or as may later be reset by the Board, the petition may be decided as in case of default.*

When a counterclaim (together with proof of service and the required cancellation fee) is electronically filed, the Board prepares an order acknowledging its receipt and allowing the plaintiff (defendant in the counterclaim) a set time, not less than 30 days, within which to file an answer to the counterclaim. [Note 1.] In practice, the Board usually allows 30 days. A copy of the order setting the time to answer the counterclaim is sent to each party to the proceeding, or to each party's attorney or other authorized representative. The order will also include a trial schedule and briefing dates to accommodate the counterclaim, which will reset or extend, as appropriate, the times for discovery (including conferencing and initial and expert disclosure dates), pretrial disclosures, testimony, briefs and/or oral argument. [Note 2.]

If no answer to the counterclaim is filed during the time allowed, the counterclaim may be decided as in case of default. [Note 3.] For information concerning default for failure to answer, see [TBMP § 312](#).

An answer to a counterclaim should be in the same form as an answer to a complaint. For information on the proper form for an answer to a complaint, see [TBMP § 311.01](#).

An answer to a counterclaim, like any other answer, may include a counterclaim for cancellation of a registration owned by the counterclaimant. A defense attacking the validity of any registration pleaded by the counterclaimant is a compulsory counterclaim if grounds for such counterclaim exist at the time the plaintiff's answer to the defendant's counterclaim is filed. If the plaintiff knows of grounds for a counterclaim when the plaintiff's answer to the defendant's counterclaim is filed, the counterclaim must be pleaded with or as part of the plaintiff's answer. If, during the course of the proceeding, the plaintiff learns, through discovery or otherwise, that grounds for a counterclaim exist, the counterclaim should be pleaded promptly after the grounds therefor are learned. [Note 4.] Cf. [TBMP § 313.04](#).

A plaintiff's counterclaim to cancel a registration owned by the defendant, but not pleaded in the defendant's counterclaim, is a permissive counterclaim. [Note 5.] Cf. [TBMP § 313.05](#).

For information on the fee for a counterclaim, see [37 C.F.R. § 2.6\(a\)\(16\)](#) and [TBMP § 313.02](#). For information on the form for a counterclaim, see [TBMP § 313.03](#).

314 Unpleaded Matters

A plaintiff may not rely on an unpleaded claim. The plaintiff's pleading must be amended (or deemed amended), pursuant to Fed. R. Civ. P. 15(a) or (b), to assert the matter. [Note 1.]

In the case of an opposition against an application under Trademark Act § 66(a), [15 U.S.C. § 1141f\(a\)](#), however, the opposition cannot be amended (or deemed amended) to assert any new claim. [Note 2.] See [TBMP § 315](#) and [TBMP § 507](#).

Except as provided in Fed. R. Civ. P. 12(b) and (h)(2) (which allow a defendant to raise certain specified defenses by motion), a defendant may not rely on an unpleaded defense unless the defendant's pleading is amended (or deemed amended), pursuant to Fed. R. Civ. P. 15(a) or 15(b), to assert the matter. [Note 3.]

If, after the filing of its pleading, a party learns, through discovery or otherwise, of information which would serve as the basis for an additional claim (in the case of a plaintiff), or defense or counterclaim (in the case of a defendant), the party should move promptly to amend its pleading to assert the additional matter, to the extent such amendment would not be prohibited by [37 C.F.R. § 2.107](#), which prohibits amendment of an opposition brought against applications filed under Trademark Act § 1 or Trademark Act § 44, [15 U.S.C. § 1051](#) or [15 U.S.C. § 1126](#), to add to the goods or services opposed or to add a joint opposer (*see* [37 C.F.R. § 2.107\(a\)](#)) and prohibits amendment of an opposition brought against applications filed under Trademark Act § 66(a), [15 U.S.C. § 1141f\(a\)](#), to add to the grounds for opposition or to add to the goods or services subject to opposition or to add a joint opposer (*see* [37 C.F.R. § 2.107\(b\)](#)). [Note 4.] See [TBMP § 315](#) and [TBMP § 507.01](#) for further information about limitations on amending notices of oppositions brought against applications filed under Trademark Act § 66(a), [15 U.S.C. § 1141f\(a\)](#).

A party may not obtain summary judgment on an unpleaded claim or defense, nor may a party defend against a motion for summary judgment by asserting the existence of genuine disputes of material fact as to an unpleaded claim or defense. [Note 5.] However, a party that seeks to obtain, or to defend against, summary judgment on the basis of an unpleaded claim or defense may, unless prohibited by [37 C.F.R. § 2.107](#), move to amend its pleading to assert the matter. [Note 6.] See [TBMP § 315](#) and [TBMP § 528.07](#).

A plaintiff which pleads ownership of an application in its complaint does not have to amend its pleading to assert the resultant registration, so long as it issues before the plaintiff's testimony period closes. [Note 7.] The pleading of an application is viewed as providing sufficient notice to the defendant of the plaintiff's intention to rely on any registration that issues from the pleaded application. [Note 8.]

315 Amendment of Pleadings

37 C.F.R. § 2.107 *Amendment of pleadings in an opposition proceeding.*

(a) *Pleadings in an opposition proceeding against an application filed under section 1 or 44 of the Act may be amended in the same manner and to the same extent as in a civil action in a United States district court, except that, after the close of the time period for filing an opposition including any extension of time for filing an opposition, an opposition may not be amended to add to the goods or services opposed, or to add a joint opposer.*

(b) *Pleadings in an opposition proceeding against an application filed under section 66(a) of the Act may be amended in the same manner and to the same extent as in a civil action in a United States district court, except that, once filed, the opposition may not be amended to add grounds for opposition or goods or services beyond those identified in the notice of opposition, or to add a joint opposer. The grounds for opposition, the goods or services opposed, and the named opposers are limited to those identified in the ESTTA cover sheet regardless of what is contained in any attached statement.*

37 C.F.R. § 2.115 *Amendment of pleadings in a cancellation proceeding.* *Pleadings in a cancellation proceeding may be amended in the same manner and to the same extent as in a civil action in a United States district court.*

As a general rule, pleadings in inter partes proceedings before the Board may be amended in the same manner and to the same extent as pleadings in a civil action before a United States district court. [Note 1.] There is an exception to this rule, however. An opposition against a Trademark Act § 66(a), [15 U.S.C. § 1141f\(a\)](#) application may not be amended to add to the stated grounds for opposition. Thus, an opposition may not be amended to add an entirely new claim or to add an additional claimed registration to a previously stated Trademark Act § 2(d), [15 U.S.C. § 1052\(d\)](#) ground. [Note 2.] Also, an opposition against an application filed under Trademark Act § 1, Trademark Act § 44 or Trademark Act § 66(a), [15 U.S.C. § 1051](#), [15 U.S.C. § 1126](#) or [15 U.S.C. § 1141f\(a\)](#) may not be amended to add to the goods or services subject to opposition or to add a joint opposer. [Note 3.] Further, with respect to an opposition against a Trademark Act § 66(a)

application, the scope of the goods and/or services opposed is limited to those identified in the ESTTA-generated opposition cover sheet, [Note 4], the scope of the grounds for opposition is limited to those identified in the ESTTA-generated opposition cover sheet, [Note 5] and the named opposers are limited to those identified in the ESTTA-generated opposition cover sheet. [Note 6.] Other amendments, such as those that would amplify or clarify the grounds for opposition, are not prohibited by this rule. [Note 7.]

316 Motions Relating to Pleadings

In opposition and cancellation proceedings, there is a wide range of motions relating to pleadings, including motions to dismiss, for a more definite statement, to strike, for judgment on the pleadings, to amend pleadings, etc. For information concerning these motions, *see* [TBMP Chapter 500](#).

Please Note: The filing of various pleading motions under Fed. R. Civ. P. 12 will effectively act to stay the parties’ obligations to conference and, subsequently, make initial disclosures. [Note 1.] In any case in which a defendant files a potentially dispositive motion under Fed. R. Civ. P. 12 directed to plaintiff’s pleading, the case is suspended for decision on the motion and the Board will reset the deadline for the discovery conference as well as all subsequent dates, as appropriate, when the motion is decided. [Note 2.]

For more information regarding the parties’ obligations with respect to initial disclosures and the discovery conference, *see* [TBMP § 401.01](#), [TBMP § 401.02](#), [TBMP § 408.01\(a\)](#), and [TBMP § 408.01\(b\)](#).

2. *See* [37 C.F.R. § 2.127\(d\)](#); MISCELLANEOUS CHANGES TO TRADEMARK TRIAL AND APPEAL BOARD RULES OF PRACTICE, 81 Fed. Reg. 69950, 69951 (October 7, 2016) (“To clarify the obligations of the parties and render the status and timeline for a case more predictable, this final rule provides that a trial proceeding is suspended upon filing of a timely, potentially dispositive motion.”).

317 Exhibits to Pleadings

[37 C.F.R. § 2.122\(c\)](#) *Exhibits to pleadings.* *Except as provided in paragraph (d)(1) of this section, an exhibit attached to a pleading is not evidence on behalf of the party to whose pleading the exhibit is attached, and must be identified and introduced in evidence as an exhibit during the period for the taking of testimony.*

[37 C.F.R. § 2.122\(d\)](#) *Registrations.*

(1) *A registration of the opposer or petitioner pleaded in an opposition or petition to cancel will be received in evidence and made part of the record if the opposition or petition is accompanied by an original or photocopy of the registration prepared and issued by the Office showing both the current status of and current title to the registration, or by a current copy of information from the electronic database records of the Office showing the current status and title of the registration. For the cost of a copy of a registration showing status and title, see § 2.6(b)(4).*

* * * *

A plaintiff or defendant may attach exhibits to its pleading. However, with two exceptions, exhibits attached to a pleading are not evidence on behalf of the party to whose pleading they are attached unless they are thereafter, during the time for taking testimony, properly identified and introduced in evidence as exhibits. [Note 1.]

The first exception to the foregoing rule is a current status and title copy, or photocopy thereof, prepared by the USPTO, of a plaintiff's pleaded registration. [Note 2.] When a plaintiff submits an original or photocopy of a status and title copy of its pleaded registration, prepared and issued by the Office, as an exhibit to its complaint, the registration will be received in evidence and made part of the record without any further action by plaintiff. [Note 3.] See [TBMP § 704.03\(b\)\(1\)\(A\)](#) and [TBMP § 704.05\(a\)](#).

The second exception is a current copy of information from the electronic database records of the USPTO showing the current status and title of the registration. When a plaintiff submits a copy of such information as an exhibit to its complaint, the registration will be received in evidence and made part of the record without any further action by plaintiff. [Note 4.] See [TBMP § 704.03\(b\)\(1\)\(A\)](#). The copy may be taken from (a) the TSDR (Trademark Status and Document Retrieval) electronic database of the Office by selecting the "Status" tab and opening all the relevant fields to show current status and title (owner) of the registration or, if the TSDR copy does not reflect the current owner of the registration, a copy from the Office's Assignment database demonstrating an assignment to the current owner of the registration should be included with the TSDR copy; or (b) the TESS (Trademark Electronic Search System) electronic database of the Office along with a copy of records from the Assignment database showing an assignment to the current owner of the registration. The Board does not take judicial notice of a party's registrations. [Note 5.]

The appropriate documentation, as described above, must accompany the pleading as an exhibit. When using ESTTA to file a complaint, a pleaded registration will not be made of record with the complaint simply by inputting the registration number when prompted by the ESTTA protocol. [Note 6.]

For more information regarding the introduction of applications and registrations into evidence see [TBMP § 704.03\(b\)\(1\)\(A\)](#), [TBMP § 704.03\(b\)\(1\)\(B\)](#), and [TBMP § 704.12](#).

For information regarding the automatic updating of the ownership of trademark applications and registrations in the Trademark Database, see generally [TMEP § 504](#).

Exhibits submitted with a pleading must conform to the requirements of [37 C.F.R. § 2.126](#). See, generally, [TBMP § 106.03](#).
